FRANKLIN TOWN RECORDS

For the Year 1961

PROCEEDINGS OF THE ANNUAL TOWN MEETING

MARCH 14, 1961

Pursuant to the warrant for the Annual Town Meeting, the inhabitants of the Town of Franklin qualified to vote in Town affairs assembled in the High School on Tuesday, March 14, 1961 at six o'clock in the forenoon.

The polls were closed at eight o'clock P.M., at which time the register on the ballot box showed that 2,486 ballots had been cast therein, the names checked on each voting list were then counted by the election officials openly and in a distinct and audible manner, the numbers being 2,486, total men voted 1,394, total women voted 1,092.

Immediately following the closing of the polls, all unused ballots were enclosed within a case and the same sealed and certified to by the election officers. All the check lists used were then sealed, as provided by law and certified to by the election officials. All the ballots cast by the voters, as aforesaid, were sorted, counted, and declaration thereof made by the Town Clerk in open meeting as follows:

Article 6. To see if the Town will vote to use the interest of the Helen A. Ward Fund, amounting to Three Dollars and Thirty-eight Cents (\$3.38) for the care of the Ward Cemetery Lot at the City Mills Cemetery, to be expended under the direction of the Board of Public Works, or do anything relating thereto. (By Selectmen)

VOTED that the Town use the interest of the Helen A. Ward Fund, amounting to Three Dollars and Thirty-eight Cents (\$3.38) for the care of the Ward Cemetery Lot at the City Mills Cemetery, to be expended under the direction of the Board of Public Works.

Article 7. To see if the Town will vote to use the interest of the Lucretia Pond Fund, amounting to Eighty-five dollars (\$85.00) for the care of Town Cemeteries to be expended under the direction of the Board of Public Works, or do anything relating thereto. (By Selectmen)

VOTED that the Town use the interest of the Lucretia Pond Fund, amounting to Eighty-five Dollars (\$85.00) for the care of Town Cemeteries, to be expended under the direction of the Board of Public Works.

Article 8. To see if the Town will vote to raise and appropriate a sum of money for a Special Reserve Fund to be used for extraordinary or unforeseen expenses, or do anything relating thereto. (By Selectmen)

VOTED unanimously that the Town raise Fifteen Thousand Dollars (\$15,000.00) to be appropriated for a Reserve Fund and that to meet said appropriation the sum of \$5,000.00 be appropriated from the Overlay Reserve Fund and the sum of Ten Thousand Dollars (\$10,000.00) be raised in the Tax Levy in the current year.

Article 9. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars (\$100.00) to purchase eyeglasses and spectacles for children under eighteen years of age and whose parents or guardians are financially unable to provide them, the same to be expended under the direction of the Selectmen, as provided for in amendment to Section V, Chapter 40 of the General Laws, or do anything relating thereto. (By Selectmen)

VOTED that the Town will raise and appropriate the sum of One Hundred Dollars (\$100.00) to purchase eyeglasses and spectacles for children under eighteen years of age and whose parents or guardians are financially unable to provide them, the same to be expended under the direction of the Selectmen, as provided for in Amendment to Section V, Chapter 40 of the General Laws.

Article 10. To see if the Town will vote to transfer the amount of One Thousand Nine Hundred Eighty-eight Dollars and Eighty-one Cents (\$1,988.81) from the Road Machinery Fund to the Road Machinery Account, or do anything relating thereto. (By B.P.W.)

VOTED that the Town transfer the amount of One Thousand Nine Hundred Eighty-eight Dollars and Eighty-one Cents (\$1,988.81) from the Road Machinery Fund to the Road Machinery Account.

Article 11. To see if the Town will vote to appropriate the Dog License money received for the present year for the support of the

Schools or Public Library, or do anything relating thereto. (By Selectmen) (\$1,021.40)

VOTED that the Town appropriate the Dog License money, One Thousand Twenty-one Dollars and Forty Cents (\$1,021.40) received for the present year, for the support of the Franklin Public Library.

Article 12. To see if the Town will vote to raise and appropriate the sum of Three Thousand Nine Hundred Dollars (\$3,900.00) to pay Seventy-five Dollars (\$75.00) weekly for the use of the Town Dump; that the Town owned bulldozer be furnished for leveling off said dump, free of charge, with driver, at least once a year and not more than four times a year; that exterminator in sufficient quantity be supplied by the proper authorities to the owner to be applied by him for the extermination of rats; and authorize the Selectmen to execute a lease for one year with the option of renewal yearly for the following four years, or to do anything relating thereto. (By Selectmen)

VOTED that the Town raise and appropriate the sum of Three Thousand Nine Hundred Dollars (\$3,900.00) to pay Seventy-Five Dollars weekly, (\$75.00), for the use of the Town Dump; that the Town owned bulldozer be furnished for leveling off said dump, free of charge, with driver, at least once a year and not more than four times a year, that exterminator in sufficient quantity be supplied by the proper authorities to the owner to be applied by him for the extermination of rats; and authorize the Selectmen to execute a lease for one year with the option of renewal yearly for the following four years.

Article 13. To see if the Town will vote to use the interest of the City Mills Cemetery Fund, for the care of the City Mills Cemetery, to be expended under the direction of the Board of Public Works, or do anything relating thereto. (By Selectmen) (Amount of Interest \$68.84)

VOTED that the Town use the interest of the City Mills Cemetery Fund, Sixty-eight Dollars and Eighty-four Cents (\$68.84) for the care of the City Mills Cemetery, to be expended under the direction of the Board of Public Works.

Article 14. To see if the Town will vote to transfer from Sewer Available Surplus to Municipal Indebtedness the sum of Eight Hundred Twenty-nine Dollars and Ninety-three Cents (\$829.93) to cover payment on Sewer Loan debt maturing in 1961, or do anything relating thereto. (By Treasurer)

VOTED that the Town transfer from Sewer Available Surplus to Municipal Indebtedness the sum of Eight Hundred Twenty-nine Dollars and Ninety-three cents (\$829.93) to cover payment on Sewer Loan debt maturing in 1961.

Article 15. To see if the Town will vote to raise and appropriate or appropriate from available funds the sum of One Thousand Dollars (\$1,000.00) for the proper observance and celebration of the Christmas season by the decoration and illumination of public buildings and public streets, and for the purchase, installation and decoration of Christmas trees upon municipal lands, to be expended under the direction of the Selectmen, or do anything relating thereto. (By Selectmen)

VOTED that the Town raise and appropriate the sum of Six Hundred and Fifty Dollars (\$650.00) for the proper observance and celebration of the Christmas season by the decoration and illumination of public buildings and public streets, and for the purchase, installation and decoration of Christmas trees upon municipal lands, to be expended under the direction of the Selectmen.

Article 16. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Five Thousand Dollars (\$5,000.00) for the repair and maintenance of Chapter 90 Roads, said sum to be used in conjunction with any money which may be allotted by State or County, or both, for this purpose, the same to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that the Town raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) for the repair and maintenance of Chapter 90 Roads, said sum to be used in conjunction with any money which may be allotted by State or County, or both, for this purpose, the same to be expended under the direction of the Board of Public Works.

Article 17. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of Seven Thousand Dollars (\$7,000.00) for Chapter 90 New Construction Grove Street, said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, to be used under the direction of the Board of Public Works, or take any action relative thereto. (By B.P.W.)

VOTED that the Town raise and appropriate the sum of Seven Thousand Dollars (\$7,000.00) for Chapter 90 New Construction on Grove Street, said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose, to be used under the direction of the Board of Public Works.

Article 18. To see if the Town will vote to amend its present by-law, known and cited as the Building By-Law as follows:

By inserting immediately following lettered paragraph "A" of

Section 2 of Article 3 the following new paragraph to be lettered "B":

"B. Top of foundation wall of any building (that is the regulation distance from street) shall be at least six (6) inches higher than the sidewalk or crown of the road. In all the above cases grade must pitch toward the street. A building that is set back from the street more than one hundred twenty-five (125) feet may be set lower than the road if other conditions permit, provided provision was made at street line to prevent water from running on the lot." By inserting in Section 12 of Article 8, immediately preceding present sub-section "(a)," the following new paragraph:

"Grades of framing and boarding lumber to be used. All framing and boarding lumber (if western) shall be construction and standard grades or better. No utility or economy grades are to be used. If eastern lumber, number one and two common for framing and number three common or better for boarding. No soft pine lumber is to be used for framing. No green lumber is to be used for framing."

By inserting in Section 14 of Article 8, immediately following the present sub-section "(c)," the following paragraph to be designated "(d).":

"(d) Roof shingle exposure in relation to roof pitches. No roof with a pitch of less than four (4) inches shall be shingled with standard 12" x 36" strip, asphalt slate surface shingles. On any pitch of four (4) inches up to five (5) inches, these standard twelve (12) inch must be laid with not more than four (4) inches exposure to the weather. On a roof of three (3) inches up to four (4) inches, 15" x 36" strip asphalt slate surfaced shingles may be used. On all roofs less than three (3) inch pitch, double coverage cemented slate surfaced roofing or four or five ply built up asphalt roofing must be used. Use fifteen (15) lb. asphalt felt under all roofing. No roofing shingles shall be laid with staples, only large head galvanized roofing nails are to be used. Plywood used for roof boarding must be at least one-half (1/2) inch thick."

By inserting in Section 18 of Article 8, immediately following the present sub-section "(b)," the following paragraph to be designated "(c)":

"(c) Required—A wire-lathed and plastered ceiling ten (10) by ten (10) feet over all coal, oil, and gas fired house and small building heaters," or take any action relative thereto. (By Building Inspector and Selectmen)

VOTED that the Town amend its present by-law, known and cited as the Building By-Law as follows:

By inserting immediately following lettered paragraph "A" of Section 2 of Article 3 the following new paragraph to be lettered "B":

"B". Top of foundation wall of any building (that is the regulation distance from street) shall be at least six (6) inches higher than the sidewalk or crown of the road. In all the above cases grade must pitch toward the street. A building that is set back from the street more than one hundred and twenty-five (125) feet may be set lower than the road if other conditions permit, provided provision was made at street line to prevent water from running on the lot.

By inserting in Section 12 of Article 8, immediately preceding present sub-section (a), the following new paragraph: Grades of framing and boarding lumber to be used. All framing and boarding lumber (if western) shall be construction and standard grades or better. No utility or economy grades are to be used. If eastern lumber, number one and two common for framing and number three common or better for boarding. No soft pine lumber is to be used for framing. No green lumber is to be used for framing. By insertion in Section 14 of Article 8, immediately following the present sub-section (c), the following paragraph to be designated (d):

(d) Roof shingle exposure in relation to roof pitches. No roof with a pitch of less than four inches (4) shall be shingled with standard 12" x 36" strip asphalt slate surface shingles. On any pitch of four (4) inches up to five (5) inches, these standard twelve (12) inch must be laid with not more than four (4) inches exposure to the weather. On a roof of three (3) inches up to four (4) inches, 12" x 36" strip asphalt slate surfaced shingles may be used. On all roofs less than three (3) inches pitch, double coverage cemented slates surfaced roofing or four or five ply built up asphalt roofing must be used. Use fifteen (15) lb. asphalt felt under all roofing. No roofing shingles shall be laid with staples. Only large head galvanized roofing nails are to be used. Plywood used for roof boarding must be at least one-half ($\frac{1}{2}$) inch thick. By inserting in Section 18 of Article 8, immediately following the present sub-section (b), the following paragraph to be designated (c):

(c) Required—A wire lathed and plastered ceiling ten (10) by (10) feet over all coal oil, and gas fired house and small building heaters.

Article 19. To see if the Town will vote to transfer the sum of Thirty-one Thousand Dollars (\$31,000.00) from the Excess and Deficiency Account, or authorize the Town Treasurer to borrow from time to time as necessary to meet the State and County Allotments for Chapter 90 Maintenance and Chapter 90 Construction, provided that all reimbursements from the State and County shall be credited back immediately upon their receipt to the Surplus Revenue Account, or do anything relating thereto. (By B.P.W.)

VOTED that the Town transfer the sum of Twenty-nine Thousand Dollars (\$29,000.00) from the Excess and Deficiency Account, to meet the State and County Allotments for Chapter 90 Maintenance and Chapter 90 Construction, provided that all reimbursements from the State and County shall be credited back immediately upon their receipt to the Surplus Revenue Account.

Article 20. To see if the Town will vote to raise and appropriate the sum of Nine Hundred Fifty Dollars (\$950.00) for a new car for the Police Department, plus trade-in value of the present car, or do anything relating thereto. (By Selectmen)

Article 21. To see if the Town will vote to raise and appropriate a sum of money to purchase and equip a new car for the Police Department, or do anything relating thereto. (By Selectmen)

VOTED that the Town raise and appropriate Thirty-seven Hundred Dollars (\$3,700.00) to purchase and equip a new car for the Police Department.

Article 22. To see if the Town will vote to accept a gift of Two Thousand Dollars (\$2,000.00) from the Fletcher Hospital Corporation to be used in conjunction with other money to be appropriated by the Town for the purchase of a town ambulance, or do anything relating thereto. (By Fire Chief and Selectmen)

VOTED that the Town accept a gift of Two Thousand Dollars (\$2,000.00) from the Fletcher Hospital Corporation to be used in conjunction with other money to be appropriated by the Town for the purchase of a Town Ambulance.

Article 23. To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) to be used in conjunction

with a gift of Two Thousand Dollars (\$2,000.00) from the Fletcher Hospital Corporation for the purchase of a new town ambulance, to be expended by the Board of Selectmen and the Fire Chief, or to anything relating thereto. (By Fire Chief and Selectmen.)

VOTED that the Town raise and appropriate the sum of Four Thousand Dollars (\$4,000.00) to be used in conjunction with a gift of Two Thousand Dollars (\$2,000.00) from the Fletcher Hospital Corporation for the purchase of a new town ambulance, together with the trade in value of the present town ambulance, to be expended by the Board of Selectmen.

Article 14. To see if the Town will vote to authorize the Treasurer to pay the former Acting Board of Health Agent, Peter O'Brien, the sum of Thirteen Hundred Fifty (\$1,350.00) Dollars for services rendered from January 1, 1948 to September 30, 1948, to be paid from the Board of Health appropriation in accordance with the provisions of G. L. Chap. 44 Sec. 84, or to anything relating thereto. (By Board of Health.)

VOTED to ratify and confirm the action of the Board of Health in appointing Peter O'Brien, one of its members as Acting Board of Health Agent for the period from January 1, 1948 to September 30, 1948 and that the sum of Thirteen Hundred Fifty (\$1,350.00) Dollars be raised and appropriated to pay Peter O'Brien for the services rendered by him.

Article 15. To see if the Town will vote to accept the provisions of Sec. 8-C of Chapter 41 of the General Laws providing for the establishment of a Conservation Commission, or to anything relating thereto. (By Selectmen.)

VOTED that the Town accept the provisions of Section 8-C of Chapter 41 of the General Laws providing for the establishment of a Conservation Commission.

Article 16. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Seven Thousand One Hundred and Twenty-five Dollars (\$7,125.00) to extend, construct and improve the Town drainage system, and sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 17. To see if the Town will vote to raise and appropriate the sum of Ninety-five Hundred Dollars (\$9,500.00) to install an 8-inch

water main on James Street from Arlington Street to a point opposite the house of Francis Tadden, a distance of approximately 1550 feet to be expended under the direction of the Board of Public Works or do anything relating thereto. (By Petition.)

VOTED that this article be indefinitely postponed.

Article 28. To see if the Town will vote to transfer from the Parking Meter Account the sum of One Thousand One Hundred Seventy-five Dollars (\$1,175.00) for the control, maintenance, and supervision of the parking meters and the enforcement of the parking meter regulations, to be expended under the direction of the Board of Selectmen, or do anything relating thereto. (By Selectmen.)

VOTED that the Town transfer from the Parking Meter Account the sum of One Thousand One Hundred Seventy-five Dollars (\$1,175.00) for the control, maintenance, and supervision of the parking meters and the enforcement of the parking meter regulations, to be expended under the Board of Selectmen.

Article 29. To see if the Town will vote to transfer from the Parking Meter Account the sum of One Thousand Dollars (\$1,000.00) for snow removal in the Parking Meter Area, said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 30. To see if the Town will vote to transfer from the Parking Meter Account the sum of Five Hundred Dollars (\$500.00) for painting street lines in the Parking Meter area, said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By B.P.W.)

VOTED that the Town transfer from the Parking Meter Account the sum of Five Hundred Dollars (\$500.00) for painting street lines in the Parking Meter area, said sum to be expended under the supervision of the Board of Public Works.

Article 31. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Sixty-five Hundred Dollars (\$6,500.00) to purchase and equip a side walk Snow Plow, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that the Town raise and appropriate the sum of Sixty-five Hundred Dollars (\$6,500.00) to purchase and equip a sidewalk Snow

Plow, said sum to be expended under the direction of the Board of Public Works.

Article 32. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Six Hundred and Eighty-four Dollars and Twenty Cents (\$684.20) to purchase a two-way radio for an addition to the communications system of the Department of Public Works, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that the Town raise and appropriate the sum of Six Hundred and Eighty-four Dollars and Twenty Cents (\$684.20) to purchase a two-way radio, an addition to the communications system of the Department of Public Works, to be expended under the direction of the Board of Public Works.

Article 33. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Three Thousand Nine Hundred and Fifty Dollars (\$3,950.00) for the purchase of a Pipe Cleaning Machine, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 34. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Two Hundred Seventy-one Dollars and One Cent (\$8,271.01) to pay for unpaid bills contracted in 1960 by the School Department in accordance with the provisions of General Laws, Chapter 44, Section 64, or do anything relating thereto. (By School Committee)

VOTED unanimously that the Town raise and appropriate the sum of Eight Thousand Two Hundred Seventy-one Dollars and One Cent (\$8,271.01) to pay unpaid bills, contracted in 1960 by the School Department, in accordance with the provisions of General Laws, Chapter 44, Section 64.

Article 35. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Three Thousand Dollars (\$3,000.00) to install a Mosquito Control Program in the Town, said money to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 36. To see if the Town of Franklin will vote to modify the "Zoning Map of the Town of Franklin, Massachusetts," by changing

from SINGLE FAMILY RESIDENTIAL IV to COMMERCIAL I the land belonging to Arthur R. Stobbart, lot of land situated on the Southerly side of Cross Street and bounded and described as follows: Beginning at the Northeasterly corner of the granted premises, on the Southerly line of said Cross Street, at land of the Town of Franklin; thence running Southerly on said land of Town of Franklin one hundred eighty-five (185) feet to a leading way as shown on plan herein-after mentioned; thence Westerly on said leading way one hundred ten (110) feet to land formerly of A. M. Waite; thence Northerly on said land formerly of A. M. Waite eighty-eight (88) feet to a stake and stones; thence Easterly on said land formerly of Waite thirteen (13) feet to a stake and stones; thence Northerly on said land formerly of Waite ninety (90) feet to said Cross Street; thence Easterly on said Cross Street one hundred thirty (130) feet to the first mentioned bound and place of beginning, all of the aforesaid distances being more or less. Being the lots numbered thirteen (13), fourteen (14), fifteen (15) and sixteen (16) on plan of land of Enoch Waite recorded with Norfolk Deeds, Book 637, Page 555. Or do anything related thereto. (By Planning Board)

VOTED that this article be indefinitely postponed.

Article 37. To see if the Town will vote to authorize the Board of Public Works to apply for, and accept, Federal funds as provided under Public Law 560 and to expend the same for surveys, plans, specifications and reports with estimates of cost, in relation to revisions and extensions of the town sewerage system in all its various phases, with the understanding that the Town will reimburse the Federal Government for that part of the cost of the surveys allocated to a particular sewer project if and when that particular sewer project is subsequently voted by the Town, or to take any other action thereon. (By B.P.W.)

VOTED that the Town authorize the Board of Public Works to apply for, and accept, Federal funds as provided under Public Law 560, 83rd Congress, and amendments thereof, and to expend the same for surveys, plans, specifications and reports with estimates of cost, in relations to revisions and extensions of the town sewerage system in all its various phases, with the understanding that the Town will reimburse the Federal Government for that part of the cost of the surveys allocated to a particular sewer project if and when that particular sewer project is subsequently voted by the Town.

Article 38. To see if the Town will vote to elect at the annual Town Meeting for the Calendar year 1962, a Board of Public Welfare consisting of three members, of whom one shall be elected for one year, one shall be elected for two years, and one shall be elected for three years, and thereafter, one member shall be elected annually for

three years, or do anything relating thereto. (By Board of Public Welfare)

VOTED that this article be indefinitely postponed.

Article 39. To see if the Town will vote to fix the salaries of the Members of the Board of Public Welfare at Four Hundred and Twenty-five Dollars (\$425.00) a year, retroactive to January 1, 1961, for the Chairman, and Three Hundred and Fifty Dollars (\$350.00) a year each, for the other two members, retroactive to January 1, 1960, or do anything relating thereto. (By Board of Public Welfare)

VOTED that this article be indefinitely postponed.

Article 40. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money to be added to the money left in the Deep Well Submersible Pump account in order to take care of the increased cost of installation, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

UNANIMOUSLY VOTED that the Town raise and appropriate Sixteen Thousand Five Hundred (\$16,500.00) Dollars to be added to the money left in the Deep Well Submersible Pump account in order to take care of the increased cost of installation, said sum to be expended under the direction of the Board of Public Works.

Article 41. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Twenty-five Hundred Dollars (\$2,500.00) to repair the open well at the Beaver Pond Well Site, said money to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 42. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of One Thousand Two Hundred and Sixty-five Dollars (\$1,265.00) for a new Safe for the Treasurer's Office, said sum to be expended under the direction of the Town Treasurer. (By Treasurer)

VOTED that the Town raise and appropriate the sum of Five Hundred and Seventy-five Dollars (\$575.00) for a new Safe for the Treasurer's Office, said sum to be expended under the direction of the Town Treasurer.

Article 43. To see if the Town will vote to accept Chapter 228, Acts of 1959. An Act establishing a minimum annual compensation

for Police Officers in certain cities and towns or take any action in relation thereto. (By Petition)

VOTED that this article be indefinitely postponed.

Article 44. To see if the Town will vote to advance by special appropriation the sum of One Thousand Dollars (\$1,000.00) to be utilized by the Franklin Industrial Commission in the conduct of its activities. Such funds are to be expended for payment for supplies, materials, and services the Industrial Commission considers necessary to the successful conclusion of its activities. (By Industrial Committee)

VOTED that the Town raise and appropriate the sum of Five Hundred Dollars (\$500.00) to be expended by the Industrial Commission in the conduct of its activities. Such fund to be expended for payment of supplies, materials and services.

Article 45. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Five Thousand Six Hundred and Fifty Dollars (\$5,650.00) to purchase two hundred (200) new Water Meters to replace the old worn out meters—Old Water Meters to be taken in trade—said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that the Town raise and appropriate the sum of Two Thousand Eight Hundred and Twenty-five Dollars (\$2,825.00) to purchase new Water Meters to replace the old worn out meters—Old Water Meters to be taken in trade—said sum to be expended under the direction of the Board of Public Works.

Article 46. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Seven Thousand Five Hundred Dollars (\$7,500.00) for the purpose of installing an additional Pump with all the necessary accessories in the Milliken Avenue Pumping Station, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 47. To see if the Town will vote to accept as a public way that portion of a private way known as Alpine Row extending from East Central Street to that portion of Alpine Row now a public way as laid out by the Board of Selectmen and shown as Lot 4 on a "Subdivision Plan of Land in Franklin, Mass., December 4, 1959. Bowie Engineering Co., Millis, Mass." a copy of which plan is filed in the office of the Town Clerk, or do anything relating thereto. (By Petition)

VOTED that the Town accept as a Public way, that portion of a private way known as Alpine Row extending from East Central Street to that portion of Alpine Row now a public way as laid out by the Board of Selectmen and shown as Lot 4 on a "Subdivision Plan of Land in Franklin, Mass., December 4, 1959, Bowie Engineering Co., Millis, Mass.", a copy of which plan is filed in the office of the Town Clerk.

Article 48. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for the construction of that portion of Alpine Row, formerly a private way, extending from East Central Street shown as Lot 4 on "Subdivision Plan of Land in Franklin, Mass., December 4, 1959, Bowie Engineering Co., Millis, Mass.," a copy of which is filed in the office of the Town Clerk, said sum to be expended under the direction of the Board of Public Works, or do anything relating thereto. (By Petition)

VOTED that the Town raise and appropriate Thirty-five Hundred Dollars (\$3,500.00) for the construction of that portion of Alpine Row, formerly a private way, extending from East Central Street, shown as Lot 4 on "Subdivision Plan of Land in Franklin, Mass., December 4, 1959, Bowie Engineering Co., Millis, Mass.," a copy of which is filed in the office of the Town Clerk, said sum to be expended under the direction of the Board of Public Works.

Article 49. To see if the Town will vote to determine that there exists in the Town the need for an Urban Renewal Program or Programs as authorized by G. L. (Ter. Ed.) Chapter 121, Section 26XX and other relevant provisions of law, or take any action in relation thereto. (By Selectmen)

VOTED that the need for an Urban Renewal Program or Programs exists in the Town and that, in accordance with Chapter 121, Sections 26XX to 26BBB of the General Laws, such Program or Programs shall be carried out by the Redevelopment Authority established under Chapter 12, Section 26QQ.

Article 50. To see if the Town will vote to raise and appropriate One Thousand Dollars (\$1,000.00) by taxation, by transfer from available funds, or otherwise, for the purpose of the Franklin Housing Authority having an application prepared and submitted to the Federal Government of the United States, for Urban Renewal in Franklin, under the Urban Renewal Provisions of the National Housing Act of 1949, as amended, or take any action in relation thereto. (By Selectmen)

VOTED that the Town raise and appropriate the sum of One Thousand Dollars (\$1,000.00) for the purpose of the Franklin Redevelopment Authority having an application prepared and submitted to the Federal Government of the United States, for Urban Renewal in Franklin, under the Urban Renewal Provisions of the National Housing Act of 1949 as amended.

Article 51. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Thirteen Thousand Dollars (\$13,000.00) to purchase and equip a rubber tired Encountering Machine to be used by all divisions of the Department of Public Works, said sum to be expended under the direction of the Board of Public Works, or take any action relative therein. (By E.P.W.)

VOTED that this article be indefinitely postponed.

Article 52. To see if the Town will vote to modify the Zoning Map of the Town of Franklin, Massachusetts by changing from Residential I, II, and III to Commercial I, a parcel of land located on the northerly side of East Central Street, and on the southeasterly side of Chestnut Street, and bounded on the easterly side by the westerly boundary line of Albert and Dorothy Rawson and extension of said Rawson line northerly for a distance of 1,400 feet \pm from the center line of East Central Street to a point at land of Annie Palmer, thence bounded northerly by the southerly line of Annie Palmer extended a distance of 1,700 feet \pm to the center line of Chestnut Street, thence bounded northwesterly by the center line of Chestnut Street a distance of 1,800 feet \pm to the center line of East Central Street, thence bounded southerly by the center line of East Central Street a distance 1,800 feet \pm to the said Rawson line and point of beginning.

All non-conforming private dwelling or Commercial II property to remain zoned as they now are, provided the deeds and plans, if any, are recorded with the Norfolk Registry of Deeds at Dedham as of this date. (By Planning Board)

The following Report and Recommendation of the Town Planning Board on Article 52 was read:

In accordance with the provisions of Chapter 40A, Section 27, of the General Laws, a public hearing was held in the Town Hall on Monday, February 27, 1961 at 8:00 P.M. on the following matter: To modify the zoning map of the Town of Franklin, Massachusetts by changing from Residential I, II and III to Commercial I, a parcel of land located on the northerly side of East Central Street, and on the southeasterly side of Chestnut Street generally known as Indian Rock Park.

There were approximately twenty (20) people present and no objections were raised.

RECOMMENDATION: That the Town vote to modify the Zoning Map of the Town of Franklin, Massachusetts by changing from Residential I, II, and III to Commercial I, a parcel of land located on the northerly side of East Central Street, and on the southeasterly side of Chestnut Street, and bounded on the easterly side by the westerly boundary line of Albert and Dorothy Rawson and extension of said Rawson line northerly for a distance of 1,450 feet \pm from the center line of East Central Street to a point at land of Annie Paine; thence bounded northerly by the southerly line of Annie Paine extended a distance of 1,700 feet \pm to the center line of Chestnut Street; thence bounded northwesterly by the center line of Chestnut Street a distance of 1,900 feet \pm to the center line of East Central Street; thence bounded southerly by the center line of East Central Street a distance 3,000 feet \pm to the said Rawson line and point of beginning.

All non-conforming private dwelling or Commercial II property to remain zoned as they now are, provided the deeds and plans, if any, are recorded with the Norfolk Registry of Deeds at Dedham as of this date.

Respectfully submitted,

NORMAN C. RISTAINO
NICHOLAS GIARDINO
ANGELINE E. CARMIGNANI

Town Planning Board

VOTED: By a standing vote of Yes 159, No 1, it was voted that the Town modify the Zoning Map of the Town of Franklin, Massachusetts by changing from Residential I, II and III to Commercial I, a parcel of land located on the northerly side of East Central Street, and on the southeasterly side of Chestnut Street, and bounded on the easterly side by the westerly boundary line of Albert and Dorothy Rawson and extension of said Rawson line northerly for a distance of 1,450 feet \pm from the center line of East Central Street to a point at land of Annie Paine; thence bounded northerly by the southerly line of Annie Paine extended a distance of 1,700 feet \pm to the center line of Chestnut Street; thence bounded northwesterly by the center line of Chestnut Street a distance of 1,900 feet \pm to the center line of East Central Street; thence bounded southerly by the center line of East Central Street a distance of 3,000 feet \pm to the said Rawson line and point of beginning. All non-conforming private dwellings of Commercial II property to remain zoned as they are now, provided the

deeds and plans, if any, are recorded with Norfolk Registry of Deeds at Dedham as of this date.

Article 53. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Sixty-five Hundred Dollars (\$6,500.00) to purchase and equip a Platform Dump Truck to be used by all divisions of the Department of Public Works, said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

ARTICLE 18. The sum of One Thousand Dollars (\$1,000.00) is appropriated for the sum of One Thousand Dollars (\$1,000.00) to purchase a Small Steamboat, and may be expended under the direction of the Board of Public Works, or otherwise, within certain limits. By R.F.W.

Article 40. To see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) to purchase and plant new Shade Trees, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By R.P.W.)

VOTED that the Town raise and appropriate the sum of Four Hundred Dollars (\$400.00) to purchase and plant new Shade Trees, said sum to be expended under the direction of the Board of Public Works.

Article 41. To see if the Town will vote to transfer from available funds in the Sweeper account a sum of money to be used for the repair of the Sweeper, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By R.P.W.)

VOTED that the Town transfer from available funds in the Sweeper account One Thousand Two Hundred and Thirty-six Dollars and Thirty-four Cents (\$1,236.44) to be used for the repair of the Sweeper, in accordance with General Laws, Chapter 49, Section 24, and to be expended under the direction of the Board of Public Works.

Article 42. To see if the Town will vote to raise and appropriate or transfer from available funds, the sum of Five Hundred (\$500.00) Dollars for the maintenance of the Auxiliary Police at Franklin, said sum to be spent under the direction of the Board of Selectmen or do anything relating thereto. (By Selectmen.)

VOTED that the Town raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the maintenance of the Auxiliary Police of Franklin, said sum to be expended under the direction of the Board of Selectmen.

Article 43. To see if the Town will vote to accept its portion from New York, New Haven & Hartford Railroad Company for the sum of Seven Hundred Fifty Dollars (\$750.00) a permanent easement for the installation of a 12" water pipe across and under land or right of way and tracks of the Boston, Concord & Montreal Railroad Company, or an abutment engineering station 140'-0" at the aforementioned station 140'-0" the land or right of way of said Railroad Company, at Franklin, Mass. (through substantially as shown in and as more fully detailed "BY, OF & FOR" Boston, Concord, Tracks and Buildings, Franklin, for Water Project Installation at 140' station from New York, New Haven & Hartford Railroad Company to Franklin, Mass. and from 140' station to 140'-0" and take and appropriate the sum of \$750.00 for the payment of such permanent easement, or do or do anything relating thereto. (By Selectmen.)

VOTED that the Town acquire by Purchase from New York, New Haven and Hartford Railroad Company for the sum of Seven Hundred and Fifty Dollars (\$750.00) a permanent easement for the installation of a 72" drain pipe across and under land or right of way and tracks of the Boston Division of said Railroad Company, at Franklin, Massachusetts, substantially as shown in red on print entitled "N.Y., N.H. & H.R.R. Boston Division Tracks and Buildings, Franklin Junction, Mass. Proposed Installation of 6' concrete drain pipe Spruce Pond Drainage Project for Town of Franklin, Mass. AFE 90215-S September 21, 1959," and raise and appropriate the sum of Seven Hundred and Fifty Dollars (\$750.00) for the payment of such permanent easement.

Article 65. To see if the Town will accept as a public way that portion of a private way known as Linda Lane extending for a distance of approximately Five Hundred feet (500) northerly from the intersection of Plain Street, or do anything relating thereto. (By Planning Board)

VOTED that the Town accept as a public way that portion of a private way known as Linda Lane, extending for a distance of approximately Five Hundred feet (500) northerly from the intersection of Plain Street.

Article 66. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Ten Thousand Dollars (\$10,000.00) to investigate and test for additional water supply, said money to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that the Town raise the sum of Five Thousand Dollars (\$5,000.00) to investigate and test for additional water supply, said money to be expended under the direction of the Board of Public Works.

Article 67. To see if the Town will vote to accept the provisions of Chapter 3 or the Acts of 1953 authorizing annual rentals or charges for the use of the sewer system or systems in the Town of Franklin. (By B.P.W.)

VOTED that the Town accept the provisions of Chapter 3 of the Acts of 1953 authorizing annual rentals or charges for the use of the sewer system, or systems in the Town of Franklin. The law reads as follows: The Commonwealth of Massachusetts, in the Year One Thousand Nine Hundred and Fifty-three—AN ACT authorizing annual rentals or charges for the use of the sewer systems in the Town of Franklin. "Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same as

follows: SECTION 1. Chapter 613 of the acts of 1912 is hereby amended by inserting after section 7 of the following section: Section 7A. Said board of sewer commissioners shall prescribe for the users of said sewer system or systems such annual rentals or charges based on the benefits derived therefrom as it may deem proper. Such charges shall be paid by every person, including a public or private institution, who enters or has entered his or its particular sewer into the sewerage system of the said town. All charges imposed under authority of this section shall, from the time of assessment, constitute a lien upon the land connected with the common sewer. SECTION 2. This act shall take full effect upon its acceptance by vote of a majority of the voters of the Town of Franklin present and voting thereon at an annual town meeting, but not otherwise.

Article 63. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of One Thousand Dollars (\$1,000.00) to purchase a parcel of land composed of approximately twelve (12) acres, more or less, adjoining the present Town Sewage Treatment Plant, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 69. To see whether the Town will approve the construction of a new housing project by the Franklin Housing Authority, namely, a housing project for elderly persons pursuant to the provisions of Chapter 667 of Massachusetts Acts of 1954, and Acts in amendment thereof and in addition thereto to be known as State-Aided Housing Project 667-2. (By Franklin Housing Authority)

VOTED that this article be indefinitely postponed.

Article 70. To see if the Town will vote to accept Chapter 647, Acts of 1960, an Act increasing the amounts of pensions and retirement allowances payable to certain former public employees. (By Selectmen)

VOTED that this article be indefinitely postponed.

Article 71. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Seventeen Thousand Six Hundred Twenty-five Dollars (\$17,625.00) to install a Bituminous Concrete Surface and about 2,000 lin. ft. of curbing on Main Street westerly from Emmons Street to Pleasant Street, a distance of about 2,150 lin. ft., said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By B.P.W.)

VOTED that this article be indefinitely postponed.

Article 72. To see if the Town will vote to raise and appropriate or appropriate from available funds a sum of money for the purchase of a billing and accounting machine to be used by various departments of the Town, or take any action relating thereto. (By Assessors)

VOTED that the Town raise and appropriate a sum of money, Six Thousand One Hundred Dollars (\$6,100.00) for the purchase of a billing and accounting machine to be used by various departments of the Town and to be expended under the direction of the Board of Assessors.

The meeting adjourned at 10:25 P.M.

Town Clerk

PROCEEDINGS OF THE SPECIAL TOWN MEETING

MARCH 21, 1961

The meeting was called to order by the Town Clerk, George W. Dana, at 7:30 P.M. in Dean Junior College Gymnasium, a quorum being present and voting.

The Warrant and Return of the Warrant was read by the Town Clerk.

Article 1. To see if the Town will vote to raise and appropriate the sum of Two Thousand Four Hundred Eighty-three Dollars and Sixty Cents (\$2,483.60) to pay for unpaid bills contracted in 1960 by the School Department in accordance with the provisions of General Laws, Chapter 44, Section 64, or do anything relating thereto.

UNANIMOUSLY VOTED that the Town raise and appropriate the sum of Two Thousand Four Hundred Eighty-three Dollars and Sixty Cents (\$2,483.60) to pay for unpaid bills contracted in 1960 by the

School Department in accordance with the provisions of General Laws, Chapter 44, Section 64.

Article 2. To see if the Town will vote to raise and appropriate the sum of Three Hundred Seventy-five Dollars (\$375.00) to pay for unpaid bills contracted in 1960 by the Police Department in accordance with the provisions of General Laws, Chapter 44, Section 64, or do anything relating thereto.

UNANIMOUSLY VOTED that the Town raise and appropriate the sum of Three Hundred Seventy-five Dollars (\$375.00) to pay for unpaid bills contracted in 1960 by the Police Department in accordance with the provisions of General Laws, Chapter 44, Section 64.

Article 3. To see if the Town will vote under Massachusetts General Laws (Terr. Ed.) Chapter 121, Section 26QQ and other relevant provisions of law, as amended, to establish a Redevelopment Authority and in that connection to make any and all determinations and declarations deemed necessary or desirable, or take any action in relation thereto.

UNANIMOUSLY VOTED that there is a need for a redevelopment authority in the Town for the purpose of engaging in urban renewal and land assembly and redevelopment projects, that the organization of a redevelopment authority in the Town pursuant to Chapter 121, Section 26QQ of the General Laws is in the public interest, and that, in order to expedite the organization of such authority, the selectmen are authorized and directed to appoint four members thereof under Chapter 121, Sections QQ and 26K of the General Laws and to take such further action as may be required to complete the organization and appointment of the authority.

Meeting adjourned at 7:41 P.M.

PROCEEDINGS OF THE SPECIAL TOWN MEETING

AUGUST 3, 1961

The meeting was called to order by the Town Clerk, George W. Dana, at 8:00 P.M. in Franklin High School Gymnasium, a quorum being present and voting.

In the absence of the Moderator, Romeo Assetta, Howard C. Abbott was elected Moderator pro-tem.

The Moderator then appointed the following Tellers and they were sworn by him to the faithful performance of their duties: Richard Costello, William Carberry, Paul Cataldo, Walter Sampson.

The Warrant and Return of the Warrant was read by the Town Clerk.

Article 1. To see what sum the Town will vote to raise and appropriate or transfer from available funds, and/or by bond issue pursuant to the provisions of General Laws, Chapter 44, or Act of 1948, Chapter 645, for the construction of an auditorium at the new senior high school building, or do or act anything relating thereto. (By School Building Committee)

VOTED by secret ballot, yes 194, no 68, that the Town appropriate the sum of \$158,000.00 for the construction, original equipping, and furnishing of an auditorium at the new senior high school building in order to meet increased costs of the project as authorized under Article 5 at the special town meeting held November 14, 1960, that such construction, equipping, and furnishing shall be done under the direction and control of the School Building Committee, which shall have full authority to enter into all agreements or contracts necessary or incidental to the performance of the work involved, and that to meet the foregoing appropriation the Treasurer, with the approval of the Selectmen, is authorized to issue \$158,000.00 in bonds or notes of the Town under Chapter 645 of the Acts of 1948 as amended.

Article 2. To see what sum the Town will vote to raise and appropriate, or transfer from available funds, and/or raise by bond issue pursuant to the provisions of General Laws, Chapter 44, or Act of 1948, Chapter 645, for the construction of administrative offices at the new senior high school building, or do or act anything relating thereto. (By School Building Committee)

VOTED that this article be indefinitely postponed.

Article 3. To see if the Town will vote to raise and appropriate or transfer from available funds the amount of Three Thousand Dollars (\$3,000.00) of the Town's share for installing a paved gutter, loaming and seeding the slopes for a distance of about 700 lin. ft. in the Wachusett Street section of the Brook Clearing Project under Chapter 91, known as Spruce Pond Project of the Town of Franklin, Mass., said sum to be expended under the direction of the Board of Public Works. (By B.P.W.)

VOTED that the Town transfer from the Excess and Deficiency Fund the sum of Three Thousand Dollars (\$3,000.00) as the Town's share for installing a paved gutter, loaming and seeding the slopes for a distance of about 700 lin. ft. in the Wachusett Street section of the Brook Clearing Project under Chapter 91, known as Spruce Pond Project, in the Town of Franklin, Mass., said sum to be expended under the direction of the Board of Public Works.

Article 4. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Three Thousand Three Hundred Fifty-eight Dollars (\$3,358.00) to do all the necessary work to install an 8" water main, including a hydrant and all the required fittings and connections and putting the roadway back in proper condition on Pearl Street for a distance of approximately 425 lin. ft., said sum to be expended under the direction of the Board of Public Works or do anything relating thereto. (By petition)

UNANIMOUSLY VOTED that the Town transfer from the Excess and Deficiency Fund the sum of Three Thousand Three Hundred Fifty-eight Dollars (\$3,358.00) to do all the necessary work to install an 8" water main, including a hydrant and all the required fittings and connections and putting the roadway back in proper condition on Pearl Street for a distance of approximately 425 lin. ft., said sum to be expended under the direction of the Board of Public Works.

Article 5. To see if the Town will vote to lease from Max Garelick the parking lot for 104 motor vehicles lying Westerly from Summer Street and in the rear of the Morse Block, so-called, for One Dollar (\$1.00) for one year with option of renewal for three successive one year terms for One Dollar (\$1.00) each, and in connection therewith to raise and appropriate the sum of Five Hundred Dollars (\$500.00), by transfer thereof from the Parking Meter Fund to the account of the Board of Selectmen, to pay the cost of lighting, maintenance and rental of said parking lot for one year, said sum to be expended under the direction of the Board of Selectmen, and authorize the Board of Selectmen to enter into such lease, or do or act anything relating thereto.

VOTED that the Town lease from Max Garelick the parking lot for 104 motor vehicles lying Westerly from Summer Street and in the rear

of the Morse Block, so-called, for One Dollar (\$1.00) for one year with option of renewal for three successive one year terms for One Dollar (\$1.00) each, and in connection therewith to raise and appropriate the sum of Five Hundred Dollars (\$500.00), by transfer thereof from the Parking Meter Fund to the account of the Board of Selectmen, to pay the cost of lighting, maintenance and rental of said parking lot for one year, said sum to be expended under the direction of the Board of Selectmen, and authorize the Board of Selectmen to enter into such lease, or do anything relating thereto.

PROCEEDINGS OF THE SPECIAL TOWN MEETING

OCTOBER 24, 1961

The meeting was called to order by Romeo Assetta, Moderator, at 8:00 P.M., in the High School Auditorium, a quorum not being present the Meeting was adjourned until November 2, 1961 at 8:00 P.M.

PROCEEDINGS OF THE ADJOURNED SPECIAL TOWN MEETING

NOVEMBER 2, 1961

The meeting was called to order by Romeo Assetta, Moderator, at 8:15 P.M. in the High School, a quorum being present and voting.

The Moderator then appointed the following Tellers and they were sworn by him to the faithful performance of their duties: Anthony T. LoVetere, John Curran, Cornelius Johnson.

The Warrant and Return of the Warrant was read by the Town Clerk.

Article 1. To see if the Town will vote to transfer to the Excess and Deficiency Fund the sum of Seventy-five Hundred Dollars (\$7,500.00) that was appropriated by the Town pursuant to Article 6 of the Special Town Meeting held on November 14, 1960 for the purpose of acquiring by purchase for a school site approximately fifteen (15) acres of land situated on the easterly side of Pond Street, in Franklin. (By School Building Committee)

UNANIMOUSLY VOTED that the Town transfer to the Excess and Deficiency Fund the sum of Seven Thousand, Three Hundred Ninety-eight Dollars and Fifty Cents (\$7,398.50) that was appropriated by the Town pursuant to Article 6 of the Special Town Meeting held on November 14, 1960 for the purpose of acquiring by purchase for a school site approximately fifteen (15) acres of land situated on the easterly side of Pond Street in Franklin.

Article 2. To see if the Town will vote to acquire by taking, by right of eminent domain, pursuant to the provisions of Chapter 79 of the General Laws of Massachusetts, or all acts amendatory thereof or supplementary thereto, that certain piece, parcel or lot of land situated on the easterly side of Pond Street, in Franklin, now owned, or supposed to be owned by Norman B. Sanderson and Daphne Sanderson, husband and wife, both of Franklin, containing fifteen (15) acres, more or less, according to plan thereof entitled "Plan of Land in Franklin, Mass.," made by Ernest W. Branch, Inc., Civil Engineers, dated July 25, 1961, shown as Parcel A on said plan, and bounded according to said plan, as follows: WESTERLY by Pond Street, as shown on said plan, ninety and 62/100 (90.62) feet, and one hundred ninety-seven and 35/100 (197.35) feet, making a total of two hundred eighty-seven and 97/100 (287.97) feet; NORTHEASTERLY by land of Norman B. and Daphne Sanderson, as shown on said plan, by two courses respectively measuring three hundred forty-seven and 12/100 (347.12) feet and three hundred eighty-three (383) feet, making a total of seven hundred thirty and 12/100 (730.12) feet; EASTERLY by land of Norman B. and Daphne Sanderson, as shown on said plan, eleven hundred eighty-one and 66/100 (1181.66) feet; SOUTHERLY by land of Niles Realty Trust, as shown on said plan, by two courses respectively measuring one hundred three (103) feet and three hundred thirty-seven and 39/100 (337.39) feet, making a total of four hundred forty and 39/100 (440.39) feet; WESTERLY by land of Edward F. and Dorothy L. Lipsett in part, by land of Andrew Lakus in part, and in part by land of Andrew G. Geishecker, Jr., all as shown on said plan, seven hundred sixty-two and 15/100 (762.15) feet, and by land of William L. and Joan C. Koury, one hundred fifty (150) feet, making a total of nine hundred twelve and 15/100 (912.15) feet; and SOUTHWESTERLY by land of said William

L. and Joan C. Koury, one hundred fifty (150) feet, determine what sum of money the Town will award as damages for the taking of said land, and determine whether or not such sum shall be raised and appropriated or transferred from available funds and/or raised by bond issue pursuant to the provisions of General Laws, Chapter 44, or under the provisions of Chapter 645 of the Acts of 1948 as most recently amended, such sum to be expended under the direction of the School Building Committee, or do or act anything relating thereto. (By School Building Committee)

UNANIMOUSLY VOTED that the Town acquire by taking, by right of eminent domain, pursuant to the provisions of Chapter 79 of the General Laws of Massachusetts, or all acts amendatory thereof or supplementary thereto, that certain piece, parcel or lot of land situated on the Easterly side of Pond Street, in Franklin, now owned, or supposed to be owned by Norman B. Sanderson and Daphne Sanderson, husband and wife, both of Franklin, containing fifteen (15) acres, more or less, according to plan thereof entitled "Plan of Land in Franklin, Mass.," made by Ernest W. Branch, Inc., Civil Engineers, dated July 25, 1961, shown as Parcel A on said Plan, and bounded according to said plan as follows: WESTERLY by Pond Street, as shown on said plan, ninety and 62/100 (90.62) feet and one hundred ninety-seven and 35/100 (197.35) feet, making a total of two hundred eighty-seven and 97/100 (287.97) feet; NORTHEASTERLY by land of Norman B. and Daphne Sanderson, as shown on said plan, by two courses respectively measuring three hundred forty-seven and 12/100 (347.12) feet and three hundred eighty-three (383) feet, making a total of seven hundred thirty and 12/100 (739.12) feet; EASTERLY by land of Norman B. and Daphne Sanderson, as shown on said plan, eleven hundred eighty-one and 66/100 (1181.66) feet; SOUTHWESTERLY by land of Niles Realty Trust, as shown on said plan, by two courses respectively measuring one hundred three (103) feet and three hundred thirty-seven and 39/100 (337.39) feet, making a total of four hundred forty and 39/100 (440.39) feet; WESTERLY by land of Edward F. and Dorothy L. Lipsett in part, by land of Andrew Lakus in part, and in part by land of Andrew G. Geishecker, Jr., all as shown on said plan, seven hundred sixty-two and 15/100 (762.15) feet, and by land of William L. and Joan C. Koury, one hundred fifty (150) feet, making a total of nine hundred twelve and 15/100 (912.15) feet; and SOUTHWESTERLY by land of said William L. and Joan C. Koury one hundred fifty (150) feet, and that the sum of seventy-five hundred dollars (\$7500.00) be appropriated from the Excess and Deficiency Fund to be expended under the direction of the School Building Committee.

Article 3. To see if the Town will vote to raise and appropriate or transfer from available funds a sum of money for the purchase and installation of additional heating facilities in the Town Hall basement.

said sum to be expended under the direction of the Board of Selectmen, or take any action relative thereto. (By Selectmen)

VOTED that the Town transfer from available funds the sum of Fourteen hundred (\$1400.00) Dollars for the purchase and installation of additional heating facilities in the Town Hall basement, said sum to be expended under the direction of the Board of Selectmen.

Article 4. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Three Thousand Eight Hundred and Forty-five Dollars and Twenty-five Cents (\$3,845.25) to do all the necessary work to install an eight inch (8") Water Main, including a hydrant and all the required fittings and connections and putting the roadway back in proper condition on Lincoln Street, at the end of the six inch (6") pipe going toward the Medway line for a distance of approximately five hundred (500) lin. feet. said sum to be expended under the direction of the Board of Public Works, or do anything relating thereto. (By Board of Public Works)

VOTED that the Town appropriate from Excess and Deficiency Fund the sum of Twenty-five Hundred Dollars (\$2500.00) to do all the necessary work to install a six inch (6") Water Main, including a hydrant and all the required fittings and connections and putting the roadway back in proper condition on Lincoln Street, at the end of the six inch (6") pipe going toward the Medway line for a distance of approximately five hundred (500) lin. feet, said sum to be expended under the direction of the Board of Public Works.

Article 5. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Three Thousand Two Hundred Seventy-nine Dollars (\$3,279.00) to furnish and install a new motor in the Oshkosh Truck, including all the necessary appurtenances and accessories, and to overhaul the hydraulic system and transfer case, said sum to be expended under the direction of the Board of Public Works, or do anything relative thereto. (By Board of Public Works)

UNANIMOUSLY VOTED that the Town appropriate from Excess and Deficiency Fund the sum of Three Thousand Two Hundred Seventy-nine Dollars (\$3,279.00) to furnish and install a new motor in the Oshkosh Truck, including all the necessary appurtenances and accessories and to overhaul the hydraulic system and transfer case, said sum to be expended under the direction of the Board of Public Works.

Article 6. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Five Hundred Dollars

(\$500.00) to purchase and install the necessary Calgon Feeding Equipment and accessories at the two gravel packed wells at the Beaver Pond Water Supply, said sum to be expended under the direction of the Board of Public Works, or do anything relative thereto. (By Board of Public Works)

VOTED that this article be indefinitely postponed.

Meeting adjourned at 8:52 P.M.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:

I hereby submit my report relative to dogs in the Town of Franklin during the calendar year of 1961.

Number of dogs licensed	566
Number of kennels licensed	12
Number of stray dogs killed and buried	118
Number of dogs killed by cars	73
Number of dogs struck by cars and destroyed	32
Number of dogs killed by request of owner	35
Number of dogs restrained	0

I have answered 287 complaints pertaining to dogs. This is a decrease of 16 over last year. There was a decrease in the killing of livestock and poultry by dogs during the past year.

It is important that all owners of dogs license these animals in their custody which are three months old or reach the age of three months during the year.

Attention is hereby called to the following extract from Chapter 136A as amended by Chapter 111, Acts of 1943 of the General Laws:

"The owner or keeper of a licensed dog shall cause it to wear around its neck a collar or harness of leather or other suitable material, to which shall be securely attached a tag in the form prescribed by the director, and upon which shall appear the license number, the name of the town issuing such license and the year of issue."

Respectfully submitted,

HENRY D. BROGAN,

Dog Officer

FIELD DRIVER'S ANNUAL REPORT

December 6, 1961

To the Honorable Board of Selectmen:

During the year 1961 there were two complaints of stray animals. I notified both owners who promptly took care of them.

Respectfully submitted,

RICHARD SILLOWAY,

Field Driver

REPORT OF THE ADVISORY BOARD

To the Honorable Board of Selectmen:

The following requests were made to the Advisory Committee, for transfer of funds from the Special Reserve Fund, which amounted to \$14,575.47, to the following departments:

	Approved	\$1,260.00
To Department of Public Works—July 5, 1961		
	Requested	\$325.00
	Disapproved	
To Department of Public Works—October 26, 1961		
	Requested	\$7,200.00
	Approved	\$7,000.00
To Department of Public Works—December 8, 1961		
	Requested	\$500.00
	Approved	\$500.00
To Treasurer—April 28, 1961		
	Requested	\$60.00
	Approved	\$60.00
To School Building Committee		
	Requested	\$221.50
	Approved	\$221.50
To Ambulance		
	Requested	\$200.00
	Approved	\$200.00
To Selectmen		
	Requested	\$83.97
	Approved	\$83.97
To Gas Inspector—October 17, 1961		
	Requested	\$200.00
	Approved	\$200.00
To Civil Defense—October 31, 1961		
	Requested	\$350.00
	Approved	\$350.00
To Town Hall—December 18, 1961		
	Requested	\$100.00
	Approved	\$100.00

To Conservation Commission—October 16, 1961

Requested \$200.00

Approved \$200.00

To Collector of Taxes—November 28, 1961

Requested \$400.00

Approved \$400.00

To Department of Public Works—December 28, 1961

Requested \$4,000.00

Approved \$4,000.00

Respectfully,

F. OTT WILBEE,
Clerk

REPORT OF FRANKLIN AUXILIARY POLICE

December 24, 1961

To the Honorable Board of Selectmen, Town of Franklin:

The Franklin Auxiliary Police have again had a very active year having many varied phases of training and duty. In January and February we had a Police school conducted by Chief Arthur Pellegri and members of the regular department. We have had actual traffic control, auto speeding control duty and the regulars welcome us and teach us any and all phases of police duty whenever asked. For this co-operation and teaching we can never express our thanks fully. We are pleased and honored.

We remain a very faithful loyal group of 31 men. These men give so freely and perform their duty so sincerely that I as Chief can never adequately express my gratitude to them.

We have maintained our contact with other Units around us, having meetings in different towns once a month of two members from each Unit and full Unit meetings with speakers on C.D. or Police work every three months. In May of this year we had the first outdoor

demonstration in Massachusetts in the town of Foxboro, planned actually by this Unit, but held in Foxboro to help that Unit.

Once again we have approximately 5000 hours of duty by these 31 men, that is approximately 193 hours given by each man. Part of this is the 4 hours required by each man each month. This duty has to be done to stay in the Unit.

We have an Article in the Town Warrant for the sum of \$500.00 to maintain the Unit. This is all used for equipment for the Unit and the only funds we have.

To the People of the Town of Franklin we express our thanks for the cooperation and kindness extended to us as individuals and as a Unit. Your support and cooperation make our duty a pleasure as we serve you.

To our Town Officials our many thanks for helping us in every way possible, and to the Firemen for the use of their hall.

I have not said too much about duties performed. I think you have seen them in their many varied forms. We think we have done them well.

Respectfully submitted,

GEORGE H. ELLIS,

Chief Auxiliary Police

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

December 11, 1961

Board of Selectmen
Mr. James Dacey, Chairman
Franklin, Massachusetts

Gentlemen:

I herewith submit the report of the Sealer of Weights and Measures for the year 1961.

The following is a summary of the activities conducted during 1961:

Devices Sealed	181
Devices Adjusted	19
Trial Re-weighings	54
Number Correct	30
Number Incorrect	24
Overweight	18
Underweight	6
Licenses Checked (Peddler's and Vendor's)	28

Sealing Fees Turned In to Town Treasurer \$136.70

I extend my gratitude to all who willingly cooperated to insure the accuracy of their equipment. Particularly the merchants, fuel oil dealers and service station operators.

Respectfully submitted,

ROBERT R. SHARP,

Sealer of Weights and Measures

ANNUAL REPORT OF THE TOWN PLANNING BOARD

For the Year Ending December 31, 1961

To the Honorable Board of Selectmen:

During the past year the Planning Board has held thirty-four (34) meetings, six (6) hearings and one (1) meeting with the Master Planners.

Subdivision Approvals

Hearings were held on the following subdivisions:

Pine Glen Estates	70 units approved
Franklin Estates	45 units approved
Island Road	9 units approved

Subdivisions

Name	Total No. of Lots	Approx. Bldg. Lots Remaining
Harborwood—Section I	124	5
Harborwood—Section II	32	32
Country View Homes	117	25
Pleasant View Estates	78	18
Westview Estates	55	10
Pheasant Hill	58	36
Mackintosh Estates	72	72
Brushwood Estates	67	58
Meadow Brook Estates	105	91
Acorn Terraces	39	34
Benjamin Franklin Estates	86	85
Fox Hill I	17	0
Fox Hill II	13	0
Fox Hill III	16	0
Fox Hill IV	45	20
Haverstock	24	5
Island Road	9	8
Laurel Court	21	21
Lincoln Wood Drive	8	3
Willow Acres	10	0
Melford Park	31	1
Pine Glen Estates	70	70
Everett Street	15	5
Partridge Estates I	37	22

Partridge Estates II	50	50
Franklin Heights	102	102
Franklin Estates	197	37
Rolling Ridge I and II	70	20

There are twenty-eight (28) subdivisions comprised of 1568 lots with 830 lots remaining to be built upon.

Zoning By-Law and Subdivision Control Laws

The Planning Board prepared five hundred (500) copies of the Town Zoning By-Law and Subdivision Control Laws for public sale. These By-Laws are available at the Town Treasurer's office.

Assessors' Maps

The Planning Board had miniature copies of the Town's Assessors' Maps prepared for use by the various Town Boards. Copies of these maps are available for purchase.

Master Plan

In February, the Planning Board approved the final report submitted by the Master Planners (Economic Development Associates). This report was comprised of the following Planning Studies:

- Existing Land Use
- Population
- Economic Base and Industrial Development
- Neighborhood Analysis and Urban Renewal
- Transportation and Parking
- Schools
- Recreation
- Utilities
- Future Land Use
- Subdivision Regulations
- Zoning By-Law
- Capital Budgeting

Building Permits

Two hundred thirty-six building permits were issued by the Building Inspector through December 11, 1961. Total cost of construction was \$1,793,715.00. Of these permits 146 were for single family houses for a total construction cost of \$1,633,250.00. This represents a decrease of 33 in the total number of building permits issued. Also a decrease

of 53 in the number of single family houses approved; decrease of \$408,785.00 in the estimated cost of construction for Franklin in the year of 1961.

The following non-taxable properties were constructed: three (3) college dormitories at a cost of \$1,200,000.00 and one (1) senior high school at a cost of \$1,500,000.00 for a total of \$2,700,000.00.

Respectfully submitted,

NORMAN C. RISTAINO, Chairman

NICHOLAS GIARDINO, Vice-Chairman

ROBERT E. FICCO, Secretary

ANGELINE E. CARMIGNANI

JOHN R. PADULA

REPORT OF THE FRANKLIN HOUSING AUTHORITY

December 26, 1961

To the Honorable Board of Selectmen:

In accordance with the provision of the State Housing Board Section 26-U of the Housing Authority (Chapter 121 of the General Laws) the Franklin Housing Authority submits its annual report for the year ending December 31, 1961.

There are now a total of 68 apartments consisting of 28 - 4 and 5 room apartments for the general public and 40 - 3 room apartments for elderly citizens 65 years of age or older, plus a recreation room. During the year 1961 all of the apartments were occupied with some 30 applications on a waiting list.

During the past year there was no capital outlay or major improvement other than general maintenance.

Re-imbursement to the Town for the year 1961 was \$1,000.08 in lieu of taxes and approximately \$1,000.00 for water. The rent for the 40 apartments for the elderly is set at \$50.00 per month including water, heat, light and the general maintenance and for the 28 apartments for the general public the rent charge is based on total family income of previous year.

According to the most recent survey of the New England Regional and National Housing Administration in 1942 there were some 14,000,000 persons over 65 years or older and at present this number has increased to approximately 30,000,000 with an estimated projection of 42 to 44 million by 1970. Therefore the State and National Housing Administration are urging all cities and towns to make available additional units for our elderly citizens. Accordingly your Housing Authority is inserting an article for your next annual town meeting for the construction of 30 to 50 units at no cost to the town.

The Franklin Authority takes this opportunity to thank the Honorable Board of Selectmen, the Board of Public Works, the Board of Public Welfare, the Police and Fire Departments and any and all social and civic organizations and the general public for their splendid co-operation and assistance given to us during the past year.

Respectfully submitted,

Franklin Housing Authority

JACK NASUTI, Executive Director
and Secretary in Charge of Projects

MAURICE SIMON, Chairman

BRUNO DICECCO, Vice Chairman

CLEMENT BRUNELLI, Treasurer

ROBERT C. HOWE, Asst. Treasurer

MARTIN W. DONAHUE,
State Appointee

REPORT OF THE NORFOLK COUNTY MOSQUITO CONTROL PROJECT

To the Citizens of Franklin:

Submitted herewith is the report of the Norfolk County Mosquito Control Project of its activities in the Town of Franklin for the year ending December 31, 1961.

Aerial Spraying	1,147 Acres
Ground Spraying	1,296 Acres
Pre-hatch Dusting	88½ Acres
Drainage	1,205 Feet
Culverts Cleaned	26 Culverts
Catch Basins Treated	563 Catch Basins

Respectfully submitted,

JOHN C. KUSCHKE,

Superintendent

REPORT OF THE CONSERVATION COMMISSION

To Honorable Board of Selectmen:

This Commission was appointed by the Board of Selectmen on May 24, 1961, organized and appointed Albert F. Granger, Chairman and Roger Rondeau, Secretary.

This Commission has been engaged to date as follows:

The study of the Master Plan with a view of the area required for conservation and to follow through to making same Town owned.

To index all open lands (Upland and Wetland).

Investigate all Tax Title land of the Town as to its value for conservation.

Check our pollution problem so far as future conservation is concerned.

Endeavor to obtain from the State, site of former CC camp, off Beaver Street for picnic area, nature study, wild life, etc.

The possibilities of a bathing beach at Beaver Pond.

Investigate and procure, if possible, a parcel of land in vicinity of Indian Rock for historical, nature study and Boy and Girl scouting.

To hold meetings with all Town boards so far as conservation is concerned.

Our Commission was represented at public hearings at State House on September 10th and 11th, 1961 and at the Western Conference of Massachusetts Association of Conservation Commission at Northampton, Mass., on October 21, 1961.

We were granted by the Advisory Committee the sum of \$200.00. We expended for membership in Massachusetts Association of Conservation Commission \$25.00, Stationery \$4.50 and \$4.76 for envelopes, leaving balance of \$165.74 to be returned to Special Reserve Fund.

We invite all suggestions from Town board members, School Committee, teachers and all citizens so far as conservation is concerned.

We will endeavor to do all possible now, before it is too late, for Franklin's future conservation.

Respectfully submitted,

ALBERT GRANGER, Chairman

ROGER A. RONDEAU, Secretary

WILLIAM D. O'NEIL

WOODROW ABBOTT

ROBERT E. FICCO

In Memoriam

DR. CHARLES B. HUSSEY

Member of Board of Health for Thirty Years — 1915 - 1945.

Chairman of the Board of Health for Seven Years — 1938 - 1945.

ANNUAL REPORT OF THE BOARD OF HEALTH

This year we had 112 reportable diseases reported. Included were 33 dog bites.

We had twenty-one premature births reported. Fortunately the parents who applied for aid and did not have settlements here were given aid directly by the towns and cities that had the settlements of the parents. This was arranged by our Health Agent.

There were three patients admitted to the Norfolk County Hospital this year. Two have since been discharged and are receiving out patient treatment.

Garbage collections have increased in town due to the number of new homes being built here. This service is given to the home owner for the asking and is paid for by the town through the Board of Health appropriation.

There were one hundred and sixty-three percolation tests and inspections made on individual sewage disposal systems.

There were 268 plumbing permits issued by this office for the year.

Forty-six burial permits were issued by this office, there being no fee for this.

FEES COLLECTED:

Anti Freeze Licenses	17	\$ 17.00
Oleomargarine and Milk	11	22.00
Kindergarten	5	5.00
Ice Cream Mfg.	2	2.00
Pasteurization	1	10.00
O. N. Camps	2	2.00
Funeral Directors	5	5.00
Plumbing Permits	268	1,455.00
Perculation Tests	163	489.00
Slaughter License	1	1.00
		<hr/>
		\$2,008.00

BOARD OF HEALTH

WALTER F. CROWLEY, M.D.
C. LINCOLN DANA, M.D.
PETER O'BRIEN

ANNUAL REPORT OF BOARD OF HEALTH NURSE

I herewith submit the Annual Report of the Board of Health Nurse.

MATERNITY SERVICE—(Guidance and nursing care):

Visits before birth	96
Visits after birth	215

PREMATURE BIRTHS:

Stillborn	0
Succumbed within 24 hours after birth	5
Survived	17
The law requires a home appraisal visit and nursing report on all premature babies.	

HEALTH GUIDANCE—(Infant to adult):

Visits to babies 1 month to 1 year	309
Visits to children 1 year through 4 years	294
Visits to children 5 years through 18 years	110

ADULT HEALTH GUIDANCE:

Visits to adults with special problems	75
Referrals for special service	12

WELL CHILD CLINICS:

Total number of clinics	23
Total number of appointments	360
Families served	85
Salk series completed	50
Salk booster	64
DPT series completed	36
DPT booster	67
DT booster	9
Vaccinations	55
Referred for correction of defects	22

HANDICAPPED CHILDREN:

Mental retardation—(Infant and pre-school age)	4
Physically handicapped— (Infant, pre-school and parochial school)	36

Annual census supplied Massachusetts State Department Mental Health and Education.

All handicapped children are under medical supervision.

COMMUNICABLE DISEASE:

Tuberculosis	
Number cases in sanatorium Jan. 1 - Dec. 31, 1961	0
New cases admitted to sanatorium in 1961	3
Discharged from sanatorium in 1961	2
Number local chest clinics serviced	9
Total attendance at clinics	394
Visits to active and inactive cases—contacts and suspects	93
Visits for acute communicable disease	6

IMMUNIZATION CLINICS:

Prevention of Diphtheria and Tetanus	
Number of clinics	3
Attendance pre-school and parochial school	35

PAROCHIAL SCHOOL SERVICE—PART TIME:

No. school visits	90
No. home visits	109
No. telephone conferences with parents	87
No. examined for Vincent's Angina	180
No. health talks	22
No. given first aid	29
No. transported home—(acute illness)	11

All children were weighed and measured once during year.

HEARING TESTS:

No. screened for hearing defects	406
No. referred	17
No. received medical attention	15

VISION TESTS:

No. screened for vision defects	406
Referred	5
Corrections	5

DENTAL SERVICE:

No. children examined by hygienist (nurse assisting)	387
No. children referred for care	180
Corrections made to date	100
All children are urged to submit annual certification of dental care.	
Limited financial aid supplied for a small number of families.	

SPEECH THERAPY:

No. receiving therapy	6
Correction completed	1
One class weekly on a private basis at moderate cost.	

PHYSICAL EXAMINATIONS:

First Grade	90
Fourth Grade	45
Seventh Grade	45
Total Defects Found	83
Written notice of defects supplied all parents not present at physical examination. Report on corrections requested.	

COMMUNICABLE DISEASE:

No. cases Chicken Pox	11
No. cases Measles	13
No. cases Scarlet Fever	3
No. cases German Measles	0
No. cases Mumps	8
No. cases Vincent's Angina	3
The common cold is the most frequent cause for school absenteeism. Children with positive symptoms in the early stages should remain at home to prevent spreading the infection.	
Professional meetings attended relating to Health	4
Lectures	6

I would like to thank the school physicians, our local dentists, and the school personnel for their interest and co-operation; Dr. Mercer for assistance with vision screening, and the parents for the co-operation in the promotion of the health program.

I am also most grateful to the volunteers who have given unstintingly of their time to assist with clerical work; to the Lions Club for financial assistance for correction of eye defects, and to the civic-minded citizens who have made donated funds available.

Bedside nursing visits are not included in this report. Figures for this service are submitted to the Franklin Nursing Association.

Respectfully submitted,

ANNE M. CURTIN,

Registered Nurse

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen:

The fire department responded to 33 box alarms during the year 1961. In addition, we had a total of 45 alarms for car and chimney fires, and 8 resuscitator calls made by the local physicians. We were called upon to move hospital beds 32 times in and out of homes. Mutual-aid response was made to the towns of Norfolk and Wrentham by request. Our total runs for fires, forest fires and ambulance calls totaled 593.

A major repair to the fire station was that of putting on a new copper roof on one section of the tower. Many small repairs were also made.

We hope to extend the fire alarm system on Pond Street to the corner of Pond and Oak Streets this year. Also we expect to extend our alarm system to the new high school which will be connected with our main station.

In the budget I have made a request for an extra night man in the fire station and an increase in pay for the three regular men. Also I have requested money to extend the fire alarm system.

For the year 1962 I recommned \$37,727 an increase of \$5,030. over the year 1961.

Respectfully submitted,

CONNOR J. POND,
Fire Chief

REPORT OF THE FOREST FIRE DEPARTMENT

To the Honorable Board of Selectmen:

During the year 1961 the Forest Fire Department responded to 77 wood, grass and brush fires.

.We did not have a major forest fire in 1961, but we did have a great many small fires plus fires that burned underground. The latter consumed a great deal of time and had to be watched carefully.

The town dump is one of our trouble spots every spring, and there is no way to eradicate the trouble.

New hose was purchased for the trucks and, in addition, the 1948 truck was painted and lettered.

Due to the fact that many housing developments are being constructed, we do not have the usual major forest fire threats as in past years.

For the year 1962 I recommend \$3100.

Respectfully submitted,

CONNOR J. POND,
Forest Warden

LIST OF FIRES IN 1961

Box Alarms — Fire Department

REPORT OF CIVIL DEFENSE DIRECTOR

To the Honorable Board of Selectmen:

Gentlemen:

It is my pleasure to submit the following report for Franklin Civil Defense for year 1961 organized as follows:

- (1) Intelligence—Selectmen of Town of Franklin—CDD, Dept. CDD.
- (2) Auxiliary Police Force—Trained by local Police Chief and members of regular force to control panic, direct traffic and take part in Rescue work. This unit of faithful and loyal men who perform thousands of hours of duty, I express my personal gratitude for such service to the Town.
- (3) Board of Welfare—To take care of emergency lodgings, feeding, clothing, registration, financial assistance, and evacuation with new prospects for welfare schooling and improvements under new Plan for Franklin.
- (4) Radio by Races—And radio students for transmission of messages of Civil Defense. This Unit of Radio Communications men have served many long hours of faithful service during Control Center CCX. Hurricanes, disaster service, I express my gratitude to these men who give so freely and sincerely in performance of duty.
- (5) Transportation—Control of school busses, transportation of supplies, evacuation of school children and personnel in emergency.
- (6) Auxiliary Fire—Hoping this year to organize unit of volunteers to assist regular Fire Dept. in emergency, announcement for volunteer recruits have been published in local papers with no results.
- (7) Dept. of Public Works—Engineering, control of Highways, Water Dept. Sanitation, decontamination, repair roads.
- (8) Medical and Nursing—Need of medical and nursing personnel to form emergency unit is very much needed. Mrs. Eleanor J. Stobbart, Nurse Officer, Franklin deserves high praise for her devotion in giving 20 nearby towns, churches, and clubs, this year of 1961 Instructions on Home Shelter And Preparedness courses. Full records in 1961 detail reports.
- (9) Radiac Officer and Monitors—To determine by instruments when safe to approach contaminated radioactive areas. Many

volunteers for this branch of service with knowledge on radiation is very much in want.

- (10) Education—In Franklin schools in process to instruct children what to do in Civil Defense emergency.
- (11) Industrial Facilities Personnel—Plans for survival of industries and how to cope with emergency.
- (12) Underwater Rescue—Team of men in underwater knowledge for Rescue have been formed in Franklin, approved by Mass. Civil Defense.

This year of 1961 a Franklin Civil Defense Plan—devised from the Massachusetts plan is being prepared, and will be completed in very near future, to be approved by Area, State, MCDA. This Plan must be supported by the citizens of Franklin, Civil Defense, to obtain State or Federal Assistance.

It is my pleasure to thank all Officers and men of every Town Department and unit forces for the wonderful co-operation rendered in Civil Defense year of 1961, an agency in need of many volunteers to train for survival to minimize the effects of an enemy attack or Natural Disaster, Training courses will be continued as units are formed on volunteer basis. Complete activities in detail reports.

Respectfully submitted,

JOSEPH A. BORRUSO,

Civil Defense Director

Respectfully submitted,

ELDON D. SEWELL,

Building Inspector

AMBULANCE REPORT — 1961

The town-owned ambulance operated by the Fire Department completed the year 1961 with a total of 365 trips to hospitals.

The receipts for the year amounted to \$3,139. The total appropriation was \$3,700. thus leaving the small cost of \$561 to the town.

A list of the trips made are as follows:

Milford	219
Boston	63
Roslindale	23
Pondville	11
Norwood	8
Worcester	7
Forest Hills	4
Sheldonville	4
Wrentham	4
Framingham	3
Attleboro	2
Woonsocket, R. I.	2
Millis	2
Pawtucket, R. I.	1
Chelsea	1
Plainville	1
Dedham	1
Plymouth	1
Nursing Homes	8

In case of emergency for the ambulance call 528-2323. Otherwise call your family doctor in order to have the ambulance made available.

For the year 1962 I recommend \$4,000.

Respectfully submitted,

CONNOR J. POND

SUMMER RECREATION REPORT

The 1961 Franklin summer recreation program conducted at Fletcher Field ran for a period of eight weeks, July 3 through August 25. The bus was utilized for transporting children for the second consecutive year and proved to be successful with an average 35 children riding in the morning and 65 in the afternoon.

Through the cooperation of the Franklin Little League, a refreshment stand was opened for 30 minutes each afternoon to sell candy, ice cream, and soda. This proved very popular with the children.

Supervising Staff:

Director—Mr. William Rex.

Assistants—Mr. Ralph DeLucia, Miss Kathleen Cody, Mrs. Nancy Rappa.

Activities Presented:

The program was planned with one or two feature events each week in which all children participated. In this area three cook-outs were held with an average attendance of 170 children. The feature events conducted were watermelon hunt, bubble gum contest, talent show, dress-up day, scavenger hunt, olympic games, and parents' night.

Activities for Young Boys and Girls:

Arts and crafts, under the skillful direction of Miss Cody and Mrs. Rappa, were the highlight of the morning activities. The arts and crafts included weaving, leather work, plastics, and woodwork.

The work of the children was displayed in the Benjamin Franklin Savings Bank window for a week. The P.M. session found the young children enjoying the wading pool and taking part in organized games such as kickball, checkers, croquet, bingo, and singing.

The boys' activities under the direction of Ralph DeLucia were centered around sports. Baseball, basketball, track, boxing, softball, and horseshoes were the most popular games.

This year competition with neighboring playgrounds in basketball and baseball stimulated interest. A total of eight baseball games and two basketball games were played with out-of-town teams.

Registration and Attendance:

Registration:	Total	Boys	Girls
	450	200	250
Average Attendance:		A.M.	P.M.
		120	160

Summary:

The 1961 recreational program was by far the most successful to date. The success was due to the diversified program and the untiring efforts of the complete staff.

Recommended Actions:

1. That the program in 1962 be continued at Fletcher Field.
2. That the members of the 1961 staff be retained.
3. That the use of the bus to pick up children living great distances from the playground be retained.
4. That the playground recreation program and the swimming program in town be coordinated so that competitive and exhibition type swimming events could be supervised afternoons to better utilize the town pool.

PLAYGROUND COMMITTEE

CHARLES HOOPER, Chairman

HENRI C. BEANE

WILLIAM FEELEY

EDWARD MONIER

LORRAINE METCALF

REPORT OF GAS INSPECTOR

Under a new state law a gas inspector was appointed in September, 1961 by the town selectmen, and inspections were made as follows:

September 1961	5 Inspections
October 1961	36 Inspections
November 1961	48 Inspections
December 1961	24 Inspections

According to law every old or new home in which gas is installed must have a gas inspection. This includes all new appliances in old homes as well as in new homes.

For the year 1962 I recommend \$500.

Respectfully submitted,

CONNOR J. POND,

Gas Inspector

FRANKLIN POLICE REPORT

To the Honorable Board of Selectmen:

It is my pleasure to submit the following report on the Police Department for the year 1961.

ARRESTS:

Gals. of gas used	1,112.3	1,923.3
Miles per gal. average	13.1	12.1
Cost per mile (gas)	.0199	.0203

PERSONNEL:

Our department consists of 11 men, one Chief, two Sgts., and eight Patrolmen. In order to keep up with the complaints and investigations our department should consist of 16 men. With the increase in Juvenile problems, traffic, larger enrollment at Dean Jr. College and increased population we just haven't the personnel to treat all problems as they should be treated.

We are very fortunate in having the very best auxiliary police unit in the State of Massachusetts, every resident of Franklin should be grateful for the services that these men render without compensation of any kind.

STATION:

Every voter and taxpayer in the Town of Franklin should support the Police Building Committee, If you ask, "Why?" just stop in and visit.

TRAFFIC:

Traffic continues to be our major problem. This year we have two cruisers which have been a great factor in cutting down motor vehicle violations.

I believe that a three wheel motorcycle would be very helpful in the control of traffic and apprehension of violators. I recommend that a motorcycle be purchased.

I recommend the following in order to maintain the proficiency of the police department:

1. New Police Station
2. Addition of five men to the department
3. Appoint a new Sergeant
4. Purchase a three wheel Motorcycle

I consider the above essential in order to keep abreast of the increasing problems facing this department.

I want to thank the members of the auxiliary police for their splendid cooperation during the past year, it is a pleasure to be associated with them.

I also want to thank the Board of Selectmen, Dept. of Public Works and the Fire Department for their splendid cooperation during the past year. To the members of my department it is my pleasure to be associated with you and thank you for your excellent cooperation.

Respectfully submitted,

ARTHUR C. PELLEGRINI,

Chief of Police

ANNUAL REPORT OF THE LOCK-UP KEEPER

To the Honorable Board of Selectmen:

I hereby submit the following report as the lock-up keeper for the year 1961.

Drunkenness	43
Breaking and Entering and Larceny	6
Neglect of Wife and Children	4
Non-Support (Warrants)	11
Assault and Battery	11
Larceny	7
Disturbing the Peace	8
Warrants	5
Capias	5

Driving after Suspension	2
Assault with Dangerous Weapon	1
Truants	2
Uninsured and Unregistered	1
Accessory after Larceny	1
	<hr/>
	107

LOCKED UP FOR OUTSIDE DEPARTMENTS:

Bellingham	22
	<hr/>
Total	129

Respectfully submitted,

FRANCIS CARRIGAN,

Lock-Up Keeper

REPORT OF BICYCLE REGISTRATION

To the Honorable Board of Selectmen:

I hereby submit the report of Bicycle Registration for the year ending December 31, 1961.

Bicycles Registered—169 @ \$.25	\$42.25
Appropriation	\$50.00
Expenses—	
Bicycle Plates Purchased	\$48.00
Transportation Costs	\$ 1.95
	<hr/>
Total Expenditure	\$49.95

The Program for 1962 will include safety checks, bicycle movies on the dangers of riding double, riding on sidewalks, and after dark without lights will also be stressed.

I recommend the sum of \$50.00 for the year 1962.

Respectfully submitted,

WALTER F. CARR, JR.,
Safety Officer

ARTHUR C. PELLEGRINI,
Chief of Police

REPORT OF THE SAFETY OFFICER

To Police Chief Arthur C. Pellegrini:

The Safety Education Program was carried out during the year 1961 in the Public and Parochial Schools as follows:

Classroom Lectures	148
Classroom Pictures	6
Safety Posters	300
Pamphlets Distributed	4,200
Safety Patrol Members	25
Safety Calendars Posted	250
Safety Patrol Classes	5
Ice Skating Checks	Daily in Season
School Bus Checks	35
Bus Stops at High School	Daily

Patrolman Francis Carrigan was appointed Asst. Safety Officer by Chief Pellegrini on July 1st because of increasing duties due to a larger student enrollment in the schools and has proved invaluable to the program.

For the year 1962 we will show movies, give safety lectures, check School Buses and skating areas, distribute safety posters and pamphlets and in general endeavor, seek to further enhance the continued safety of our children.

We wish to thank School Supt. Mr. Thomas, his staff of Principals and teachers, Sister M. Gabriela and the good sisters on her staff and the Registry officials for the excellent cooperation afforded us in the past year.

Respectfully submitted,

WALTER F. CARR, JR.,
Safety Officer

FRANCIS R. CARRIGAN,
Asst. Safety Officer

Franklin, Massachusetts

Gentlemen:

This is to certify that the books and accounts of the town of Franklin were audited by the Bureau of Accounts, Department of Corporations and Taxation, as of September 30, 1961, at which time they were found to be correct with all funds properly accounted for.

A detailed report of the audit will be forwarded as soon as possible.

Very truly yours,

WILLIAM SCHWARTZ,

Assistant Director of Accounts

WS:MDG
cc:Town Clerk

REPORT OF THE FRANKLIN LIBRARY ASSOCIATION FOR THE YEAR 1961

Miss Holmes and the Franklin Library Association once again wish to report a record circulation and book-buying year to the Town of Franklin. Miss Holmes, our librarian, suffered a serious fall just before Thanksgiving; therefore, the figures are incomplete. But, she did mention that as of that date the circulation was well over a thousand more than last year. This would make an approximate total circulation of over 64,000. Over \$3000 was allotted for the purchase of new books—this figure is also a record for the Library. This last sum is in part derived from private income; therefore, enriching our Library without burdening the Town budget too much.

As Franklinites, we have just cause to be proud of our Library, Miss Holmes and her assistants, and the many subscribers who have all mutually enjoyed making the Franklin Library one of the best in this area.

At the annual meeting the nominating committee (Mrs. E. Dana and Mrs. L. Doe) submitted the following slate of officers for the year 1961:

OFFICERS:

President, Ray E. Parmenter
Vice-President, Trueman J. Menadue
Treasurer, John R. Goodwin
Secretary, Ruston F. Lodi

DIRECTORS:

Bertha M. Bachner
George W. Dana
William C. Garner
James W. Howard
Richard C. Howland
Edmund J. Keefe

Because of the fact that a library can never have enough books, magazines, and papers, the Association wishes to publicly thank at this time all the donors who helped supplement our reading material during the year 1961. Your donations were, are, and certainly will continue to be appreciated by all.

Any organization such as ours receives help from many groups—their work usually does not receive too much publicity but it goes on year in and year out for the benefit of all our children. The Franklin Library Association wishes to thank all these groups:

The Volunteer Members of the Association and the Bookmobile.

The Aldenette Club.

The Community Service Department of the Alden Club.

As time goes on many things are improved upon, but these improvements are usually dependent on people, and where people are concerned, there is eventually some form of sadness. This is not an attempt to use the report as a form of public relations but a sincere effort to recognize those who have helped make our library what it is. Immediately after last year's report was written the entire town was saddened by the sudden demise of one of our long time directors, Richard Stack. Our sympathy is extended to Mrs. Stack and her family at this time. Another point of sadness concerns our librarian, Miss Mae Holmes, who was planning to retire shortly. Unfortunately, she suffered a serious injury while leaving the library just before Thanksgiving. She is now recovering at home. May good luck and health and happiness be her lot for many years to come. Miss Holmes started serving the Town of Franklin at the Library approximately 42 years ago. During all these years, Miss Holmes has given of herself conscientiously, sincerely, and wholeheartedly to the Library, the children, and the adults who have used it. The success of the Franklin Library Association is directly due to the efforts of Miss Holmes.

The Franklin Library Association respectfully requests that the sum of \$16,932.50 plus the Dog Tax be granted for the 1962 budget for the operation of the Library. Of this total, \$2,632.50 will be reimbursed to the Town of Franklin by the State of Massachusetts.

Respectfully submitted,

RUSTON F. LODI,

Secretary

REPORT OF THE INDUSTRIAL AND DEVELOPMENT COMMISSION

To the Honorable Board of Selectmen:

The latter half of the year was a period of regional activity. We have joined with other towns along the proposed Routes 95 and 495 to form group commissions. The purpose is to work for the benefit of the towns within the group because of the interdependence and mutual obligations of the several communities contained within the respective attraction.

The latter half the year was a period of regional activity. We have joined with other towns along the proposed Routes 95 and 495 to form group commissions. The purpose is to work for the benefit of the towns within the group because of the interdependence and mutual obligations of the several communities contained within the respective boundaries.

Additional effort has been expended to further the development of additional water supply to provide a more inviting location for new industry.

On December 15, 1961, in conjunction with Dean Junior College and 81 I.D.C. Commissions in Southeastern Massachusetts, an industrial procurement seminar was held at the College. More than 200 attended the conference which featured panel discussions by experts in the fields of small business administration, area redevelopment, defense and non-defense procurement. The result was to expose Franklin to 150 business men who were strangers and who may return in the future because of an aroused interest.

1962 will be a year to consolidate the progress of the past, to continue to encourage present businesses to progress, and to interest new businesses to locate in a solidly growing community.

Respectfully submitted,

GEORGE DOYLE,

Chairman

REPORT OF THE WIRING INSPECTOR

To the Board of Selectmen:

During the year 1961, 389 wiring permits were issued and the sum of \$2,620.25 collected by the Town Treasurer.

I would again like to bring up the fact that installation of any electrical wiring or fixtures requires a wiring permit.

Respectfully submitted,

LOUIS F. MOLINARO,

Wiring Inspector

DEPARTMENT OF VETERANS' SERVICES

To the Honorable Board of Selectmen:

I herewith submit my report for the Department of Veterans Benefits, established under Chapter 115 of the Commonwealth, as amended, for the year 1961.

The Department is located in the Town Hall and is open Monday through Friday from 9 A.M. to 4:30 P.M. Information is available regarding Veterans Benefits, hospitalization, medical care and pensions for veterans and their dependents.

A monthly average of 25 veterans and their families have been assisted by this office in the past year in the form of cash and medical aid. In these cases, the Town of Franklin is reimbursed in the amount of 50% by the Commonwealth of Massachusetts.

We are grateful to the Town Officials for their assistance and cooperation.

A detailed report of expenditures and income may be found in the Auditor's report.

Respectfully submitted,

CARMELITA HEALEY,

Director

ANNUAL REPORT

URBAN REDEVELOPMENT AUTHORITY, 1961

The Franklin Redevelopment Authority was authorized by vote of the Town Meeting and appointed members convened for organizational purposes with the Board of Selectmen in September of this year. During the four month period of the Authority's administration, twelve meetings were held and are listed as follows:

Organizational Meeting—

Present: Members and Board of Selectmen

Business Meeting—

Present: Members and Housing Authority

Business Meeting—

Present: Members and Mr. James Shurtliff, Economic Development Associates, Consultants, Boston

Seminar—

Present: Members and State and Federal officials, at Boston College, U.R.A. Seminar, Boston

Business Meeting—

Present: Members

Business Meeting—

Present: Members

Business Meeting—

Present: Members and H.H.F.A. officials

Business Meeting—

Present: Members and Mr. Robert M. Palter, Consultant, Candeub, Fleissig and Associates, Boston

Business Meeting—

Present: Members and Board of Selectmen

Business Meeting—

Present: Members, Board of Selectmen and Federal officials, H.H.F.A.

Business Meeting—

Present: Members

Business Meeting—

Present: Members, Mr. Bert Schmid, Urban Improvement Counselors, Washington, D. C. and Mr. Edmund C. Krech, Secretary and Executive Director, Dedham, Mass., Housing Authority

The following objectives were discussed and adopted for guidance in the work of the Urban Redevelopment Authority:

1. The general welfare of the community.
2. The identification of blighted areas and the recommendation to either remove them or to renew them.
3. The establishment in the town of Franklin of an improved economic base through an urban renewal program.
4. The encouragement of systematic improvement of public utilities.

The members of the Urban Redevelopment Authority have orientated themselves to the technical requirements of the Federal Housing Act as it pertains to urban renewal and will recommend to the Board of Selectmen that a consultant be engaged to file an application for federal funds to undertake a preliminary study for an urban renewal project for the Town. A study of this type requires six months to one year after the approval of the application by the Federal government. When the results of this study have been finalized the Town would vote its acceptance or refusal at the Town Meeting.

In conclusion, the members of this Authority believe that Franklin will benefit by formally investigating the opportunities of an urban redevelopment program for our Town.

Respectfully submitted,

RICHARD J. ROWE, Chairman

FRANCIS McGUIRE, Secretary

ROBERT BELL

RICHARD MORRISSEY

WALTER SAMPSON

ANNUAL REPORT OF THE BOARD OF PUBLIC WELFARE TOWN OF FRANKLIN

FOR THE YEAR ENDING DECEMBER 31, 1961

To the Honorable Board of Selectmen:

The breakdown of the 1961 appropriation of \$170,000.00 is as follows:

Welfare (General Relief)	\$ 11,351.24
Old Age Assistance	56,350.92
Medical Assistance for the Aged	64,723.03
Aid to Dependent Children	28,751.75
Disability Assistance	8,823.06
	<hr/>
	\$170,000.00
Cancellations reused	665.00

Effective July 1, 1961, Federal reimbursement on Old Age Assistance was increased from \$47.50 to \$49.00 per case per month.

Effective October 1, 1961 it was again increased to \$49.80 per case per month.

Federal reimbursement on Disability Assistance was increased from \$41.50 to \$42.30 per case per month effective October 1, 1961.

Federal participation on Aid to Dependent Children has remained at \$20.50 for each eligible parent and child since October 1, 1958.

Federal reimbursement on Medical Assistance for the Aged is 50% of the total vendor medical payments. There is no Federal reimbursement on the recipient payments which amount to approximately \$350.00 per month in Franklin, but State reimburses us $\frac{2}{3}$ of that amount, which is not reusable by the Welfare Department. The State also reimburses $\frac{2}{3}$ of the balance left after the Federal payment, on the Vendor Medical, but this also is not reusable by the Welfare Department. Federal reimbursements only are returned to the Welfare Department to be reused.

Due to the increase in reimbursement and the fact that there is an excess of \$19,107.63 in the Federal Grants over January 1, 1961, we are decreasing our request for Welfare Assistance by \$15,000.00 for the year 1962, or from \$170,000.00 to \$155,000.00.

The Director and Social Worker made a total of 783 visits for the year 1961.

Miss Santina Cataldo, Director of Public Assistance in Franklin, retired on December 1, 1961. Due to the fact that a new Director was not obtainable at that time, and a Civil Service examination for the position has not yet been set up, Miss Cataldo has been reinstated for a six month period, during which time we hope to obtain a replacement for her.

The General Laws of Massachusetts were amended on July 1, 1961, making step rate increases mandatory for Welfare Department employees. See Chapter 529, Sec. 47E, Ch. 31.

It has been recommended by the State Department of Public Welfare, that the office in Franklin employ another full time Social Worker, due to the fact that the case load is over 200, and the population count is now over 10,000.

Due to these facts, the request for Administration for the Department for the coming year has been increased to \$14,000.00

A detailed report of income and expenditures for the Welfare Department will be found in the Auditor's Report.

The Welfare Board and Staff members wish to express their appreciation to the other Town Agencies and Departments, and to the Clergy, Court Officials, and Community Organizations for their continued cooperation.

We hereby submit our estimates for the year 1962:

Welfare Assistance	155,000.00
Welfare Administration	14,000.00

Respectfully submitted,

JOSEPH DICKENS
WM. F. CARBERRY
CORNELIUS F. JOHNSON, JR.

REPORT OF THE BOARD OF PUBLIC WORKS

January, 1962

To the Honorable Board of Selectmen:

Gentlemen:

The Department of Public Works hereby submits the following report for the year 1961 after completing its seventh year of service to the Town of Franklin.

In reviewing the developments of the past year, it is only reasonable to bring to the attention of the people of the Town certain undeniable facts which are the outgrowth of an expanding community, the limits of which are at present unpredictable.

The ever increasing number of housing developments in town increases the number of miles of roadways, water system and drainage system. This in turn increases the amount of service and maintenance to a very marked degree, even to overloading the Department of Public Works far beyond even the most sensible future estimates of its operational capacity.

The Commissioners of the Department of Public Works have formulated plans and have kept informed of all proposed future activities which will affect the Town in order that this Department will be able to more efficiently keep abreast of this dynamic expansion.

It must be remembered, however, that the best plans, the most exacting research, and even the most flawless program ever devised is useless without the co-operation of a progressive thinking and acting community.

The following is a resumé of the work performed by the various divisions of the Department of Public Works:

HIGHWAY DIVISION:

Seal Coat:

1. Long Hill Rd.—267 Sq. Yds. (200 Lin. Ft.)
2. Pine St. from Pond St. to Bellingham town line—14,080 Sq. Yds. (1 Mile).

3. Beech St. from Pond St. to Bellingham town line—14,080 Sq. Yds. (1 Mile).
 4. Hutchinson St. from Union St. to Wachusett St.—4,000 Sq. Yds. (1200 Lin. Ft.)
 5. Wachusett St. from Hutchinson to King St.—8,800 Sq. Yds. (2640 Lin. Ft.)
 6. Harmon St.—Total length, 500 Sq. Yds. (300 Lin. Ft.)
 7. Arlington St.—Union to Wachusett St.—3,734 Sq. Yds. (1200 Lin. Ft.)
 8. Howard St., Arlington to Hutchinson St.—1,526 Sq. Yds. (528 Lin. Ft.)
 9. West St.—W. Central to East St.—3,000 Sq. Yds. (1100 Lin. Ft.)
 10. King St. towards Union—5,000 Sq. Yds. (1500 Lin. Ft.)
- Total miles sealed—3.63.
Total square yards sealed—47,487.

Mix-in-place:

1. Main St. from School to Squire St.—1425 Tons (2640 Lin. Ft.)
2. Alpine Way—300 Tons (200 Lin. Ft.)
3. Oak St. from Pond St. southerly 3,000 Lin. Ft.—857.75 Tons (3000 Lin. Ft.)
4. Pond St. from Beech to Pine St.—857.75 Tons (3000 Lin. Ft.)
5. Lincoln St. from Moore Ave. northerly—515.65 Tons (1600 Lin. Ft.)

Total—3,956 Tons.

Total—1.97 Miles mixed.

TYPE I:

Cottage St.—installed 1800 Tons—900 Lin. Ft. (3000 Sq. Yds.)
.17 Mile installed.

New Construction:

1. Grove St. was excavated and fill and road building gravel was installed to grade. Brush and trees were removed from the right-of-way previous to excavating. Work performed between Station Fifty-two plus zero and Station Ninety-five plus zero, a distance of 4300 Lin. Ft.

2. Alpine Way—Installed a 10" drain on Alpine Way for a distance of 180 Lin. Ft. including construction of a catch basin at Station One plus Eighty and a tie into the existing drainage system through an existing manhole on East Central Street.

Installed a concrete cap on the existing rubble retaining wall on Alpine Way and resurfaced the existing traveled way for a distance of 250 Lin. Ft.

Swimming Pool:

1. Cleaning and replacing sand in swimming pool.
2. Removing broken recirculation pipe and replacing with new pipe.
3. Installing boards in spillway.
4. Purchasing and installing new diving board.
5. Installing chlorinating unit.
6. Recharging chlorinating unit daily and testing chlorine residual.
7. Painting all exposed piping two coats of aluminum paint.
8. Repairing drinking fountain.
9. Unplugging toilets and cleaning up dressing rooms and toilets.
10. Picking up debris and cleaning grounds around swimming pool every morning during swimming season.
11. Replacing 92 lights of glass in building at swimming pool.
12. Replacing window sash and painting the building at swimming pool.
13. Removing diving board and storing after swimming season.
14. Turning off water, telephone, storing emergency cot and medical kit at end of swimming season.
15. Installing boards at spillway for skating season and locking building.

Fletcher Field:

1. Excavating ditch on southerly edge of field.
2. Cutting brush and removing trees and stumps on westerly edge of field.
3. Taking down bleachers, moving them, and setting them up again five times during the season.

4. Cleaning and flushing drainage pipes on the southerly edge of the field.
5. Putting up and taking down goal posts for football.
6. Constructing Bocce courts.
7. Grading, wetting down and maintaining Bocce courts.
8. Loaming, grading, fertilizing, and seeding field area.
9. Filling, raking, fine grading on baseball and softball diamonds after each game during the season.
10. Painting and repairing bleachers.
11. Repairing and painting of athletic and recreational equipment.
12. Marking and chalking off side, base lines, and playing lines on all athletic fields, diamonds, and courts during the season.
13. Mowing, clipping, and trimming all grassed areas at Fletcher Field twice weekly during the summer season.
14. Maintaining, cleaning, and policing toilets and field houses during season.
15. Putting out and taking in athletic equipment during the season.
16. Storing recreational and athletic equipment, closing buildings, shutting off water, draining toilets, and turning off power at the end of the season.

City Mills Cemetery:

1. Burning, mowing, and trimming grass.
2. Edging walkways and general clean-up for Memorial Day services.

Common Maintenance:

1. Raking leaves and debris on entire area twice during the year.
2. Fertilizing grass and loosening earth around shrubbery in early spring.
3. Mowing grass and trimming around walkways and shrubbery weekly during summer months.
4. Installing and compacting stone dust in walkways.
5. Replacing electrical fitting and installing a protector in ceiling of bandstand.

Inspection of Developments:

1. Advise and inspect the installation and quality of materials and methods being used in the following utilities:
 - a. Drainage layout and construction including the construction of manholes, catch basins, drop inlets, headwalls, pipe laying and jointing, etc.
 - b. Roadway layout and construction including the installation of roadway bounds, sidewalks, curbing, grass plots, street signs and posts, driveway aprons, roadway lines and grades. Also, the installation of roadway fill, road building gravel, and the compaction of each. Installation of roadway surfacing including methods, material, and weather conditions pertinent to each operation.

Snow Plowing and Removal:

1. Plowed approximately 120 miles of roadway during each of the seven major snow storms of last winter season.
2. Picked up snow in business district and major intersections after each storm during the winter season.
3. Salted and sanded for ice control approximately 120 miles of roadway each storm during the winter season.
4. Opened all catch basins for drainage purposes after each storm during the winter season.

Other Work Performed:

1. Pushed back rubbish in town dump, hauled in fill for cover and graded dumping area ten times during the year.
2. Painted white lines in all parking areas and crosswalks during the year.
3. Swept 1000 curb miles of roadway during year.
4. Cleaned 300 catch basins during year.
5. Rebuilt 10 catch basins and flushed drain lines.
6. Mixed and installed 1000 tons of patch in roadways and cross trenches during year.
7. Mixed and installed 4000 tons of roadway bituminous material during the year.
8. Replaced 500 Lin. Ft. of sidewalk at various locations in town.

9. Installed twenty-two (22) traffic, street and parking signs of various denominations.
10. Picked up broken glass, grease, dead animals, piles of rubbish, broken limbs through trouble calls thirty-two (32) times during year.
11. Put up and take down flags in business district seven (7) times during year.
12. Picked up rubbish in business district (street containers only) three times each week.
13. Put up and take down Christmas Crib for Christmas season.
14. Put up and take down voting booths three times during year.
15. Repair, paint and replace plow blades on snow plows during winter season.
16. Remove, repair, paint and replace twenty-eight (28) signs of all denominations during year.
17. Clean and flush six hundred (600) Lin. Ft. of drain pipe of various sizes during the year.
18. Distribute Town Reports each year.
19. Installed about 350 Lin. Ft. of Bituminous Concrete Berm.
20. Grade, shape and fill all dirt roads in town at least twice during the year.
21. Cleaning, painting and greasing Town equipment during year.

WATER DIVISION:

The water requirements for the Town are constantly increasing and the need to reinforce the present system is now a must. The maximum daily consumption is now at an all time high of 2,000,000 gallons. This is one-half million gallons per day more than the total capacity of our pumping system, which is one and one-half million gallons per day.

The deficit is now made up from the reserve supply in our storage tanks but since our total storage is only one and one-half million gallons, this leaves us very little latitude in case of a fire.

A new well has been developed in Franklin near the Norfolk town line which is conservatively rated at one million gallons per day capacity. This well should be gravel packed and tied into the Town water system as soon as possible since this would be a big step towards reinforcing our present weak system and increase tremendously the fire fighting potential of the Town.

The two new submersible pumps have been installed in the old gravel packed wells in the Beaver Pond area and were a boon to the water system this summer, giving us a maximum of 780 G.P.M. thereby making it possible to go through last summer without restricting the use of water.

The following work was performed by the Water Division during the past year:

1. Installed 65 new water services during the year.
2. Installed 3 new 2" services, 12—1" services and 50—¾" services.
3. Installed 165 new water meters.
4. Removed, repaired, tested, and replaced 75 meters.
5. Turned water off and removed 30 water meters.
6. Repaired, tested, replaced, and turned water on 30 meters.
7. Renewed 12 old water services.
8. Repaired 32 water services.
9. Installed 5 new hydrants.
10. Repaired 6 hydrants.
11. Moved 3 hydrants.
12. Installed 300 Lin. Ft. of new 8" cement lined cast iron water main on Wachusett St. and insulated the section going across the new culvert. Also installed a new 8" gate valve on each side of the culvert.
13. Thawed out twenty-three (23) frozen water services.
14. Supervised the thawing out and removal of 250 Lin. Ft. of frozen water mains in Fox Hill No. 3 and the Schofield development.
15. Flushed out all hydrants in the entire water system (635).
16. Painted and serviced all hydrants in the entire system (635) in number.
17. Installed 400 Lin. Ft. of 8" cement asbestos water main on Pearl St. including 6" x 8" tapping sleeve and gate, new hydrant with 6" gate valve in the hydrant branch at the end of the main. Removed all water services from the old 2" water main and tapped them into the new 8" main.
18. **Statistical Information**
 - (a) Total water pumped 1961—283,675,209 Gals.

- (b) Maximum Daily Consumption—2,000,000 Gals.
- (c) Maximum day of pumping—1,540,000 Gals.
- (d) Maximum capacity of storage—1,500,000 Gals.
- (e) Total rainfall for year—46.32 inches rain.
- (f) Maximum Month—September with 8.18 inches rain.
- (g) Minimum Month—January with 2.25 inches rain.

19. Total water commitments for year 1961 are as follows:

April billing period	\$32,157.66
October billing period	39,165.58
Monthly meter bills	4,551.13
Labor and Material Charges (New Services)	2,478.53
Water Repairs	833.79
<hr/>	
Total for year 1961	\$79,186.69

20. The following inspection work was performed during the year at the various housing developments:

- (a) Inspection of water main installation including excavation, pipe laying and jointing, installation of fittings, hydrant branches and hydrants, main line gate valves and boxes, hydrant gate valves and boxes, tapping sleeves and gates, service taps and corporations, stop and waste, house service installations and inspection of meter installation, also, backfilling and the testing of the complete system hydrostatically.

21. Reading, recording and billing for 2928 water customers twice during past year.

SEWER DIVISION:

The following work was performed during the year:

1. Replacing filter media on sludge beds.
2. Replacing broken distribution pipe in filter beds.
3. Dumping sludge four times during year.
4. Cleaning sludge beds four times during year.
5. Overhauling of sludge pumps.
6. Replacing sewage pump motor at E. Central St. pumping station.
7. Replacing pump case on Hayes pump at Milliken Ave. station.

8. Repair and installation of screen cover on dosing tanks at treatment plant.
9. Replacement of ventilators and vent piping at Milliken Ave. pumping station.
10. Replacement of thrust bearing for pump shaft at Milliken Ave. pumping station.
11. Replacement and rewiring of chromolox unit at Lewis St. pumping station.
12. Repair automatic controls at Lewis St. pumping station.
13. Installed 7 new sewer services.
14. Unplugged and cleaned 22 house services.
15. Flushed, cleaned and opened 1500 Lin. Ft. of sewer main.
16. Unplugged 21 main sewers and 6 manholes.
17. Total yearly treated sewage—311,765,400 Gals., which is double the designed plant capacity, indicating the necessity of plant expansion at an early date.
18. Chemical treatment of sludge has cut the offensive odor at the treatment plant to a marked degree.
19. Periodic tests of the effluent at treatment plant and downstream in Mine Brook by the State Dept. of Public Health show a satisfactory oxygen content indicating proper sewage treatment at the plant.

TREE DIVISION:

The following is a record of the work performed by the Tree Division during the past year:

1. Decayed Trees:

This Division removed forty-six (46) badly decayed trees. Others have been topped and will be removed during winter months when the ground is frozen, thereby eliminating possible damage to roadways, walks, lawns, and grounds.

2. Trimming Shade Trees:

This work has been done on more or less of an emergency basis, removing the dangerous limbs and branches as necessity demands. Most of our town trees, however, could stand and require much more

attention than they are receiving due to the limited appropriation for this work. The last thorough pruning and trimming work was done during the W.P.A. regime and at least Five Thousand Dollars (\$5,000.00) per year for the next several years would be necessary in order to put the Town trees back into safe, healthy condition.

3. Gypsy Moth:

All street trees in town were sprayed with a 12% D.D.T. dormant spray with the Town mist blower. The second application of 6% D.D.T. solution with an added knock-down agent known as Malathion was applied by helicopter in residential areas. The rest was used in town, being applied with our mist blower.

4. New Shade Trees:

Twenty-one (21) new shade trees were planted in town.

Nine (9) Crimson King maples, twelve (12) to fourteen (14) ft. high.

Twelve (12) Norway maples, eight (8) to ten (10) ft. high.

This very important work should be continued not only as a Town beautification project but also a necessity in replacing Elm trees removed because of the Dutch Elm disease.

5. Extermination of Dutch Elm Disease:

All Elm trees along roadsides were sprayed with 12% D.D.T. dormant spray. A second application of 6% D.D.T. with Malathion added was installed by helicopter in residential areas and the rural areas were sprayed with the Town mist sprayer.

A test spray devised by the Dept. of Natural Resources was applied on a test plot with the results to be checked and evaluated in conjunction with the Dept. of Natural Resources.

Sixty (60) samples of suspected elm trees were taken and sent to the Shade Tree Laboratories for analyzation. Of the sixty (60) samples taken, forty (40) were found to contain the Dutch Elm Disease. Thirty-five (35) of these diseased trees have been cut down, hauled to the dump and burned. The five remaining diseased trees are now being removed and this work will be completed early in 1962.

6. Poison Ivy and Brush Control:

All our Town roadsides were treated with brush killer to keep down the brush on either side of the roadway, eliminating hazardous driving due to blind intersections and obstructed vision on hills.

Several areas were treated to kill poison ivy growth, with excellent results.

The Brush Control program is definitely showing a very good yield and producing the desired results.

RECOMMENDATIONS FOR THE DEPARTMENT OF PUBLIC WORKS

The increase in building due to the new developments now under construction in town has more than tripled the amount of service to be supplied by the Dept. of Public Works.

This Department has the ability and know-how to perform all the tasks to which it is assigned, but it needs men and equipment to efficiently and economically operate.

An individual's value to the town increases with age and experience, but old worn-out trucks, bulldozers, and other equipment hang like millstones around the neck of a department trying to perform economically and efficiently. In the past, this Department has made requests for new equipment and the replacement of old equipment, all to no avail. The policy of sending good money after bad is expensive and a luxury which we believe the Town cannot afford.

Your co-operation is therefore necessary in order to provide the following urgently needed equipment for the Department of Public Works:

1. A rubber tired excavating machine, to be used by all divisions of the Department of Public Works.
2. A new dump truck to replace one of the old worn out dump trucks now in use.
3. A new platform truck to be used by all divisions of the Department of Public Works.
4. One hundred new water meters to replace old worn out meters.
5. A new material spreader for ice control to speed up and increase the efficiency of sanding operations.
6. Two new two-way radios to add to our Communications System, speed up the work, reduce wear and tear on equipment and increase efficiency.

The Board of Public Works wishes to take this opportunity to thank all the citizens of the Town, Town Officials, and Employees of all Town Departments, the Service Clubs of the Town and Public Utility organizations for their excellent co-operation during the past year and earnestly solicit their co-operation and valued assistance in the future.

Respectfully submitted,

KENNETH W. WHITE

ROBERT C. HOWE

EDWARD L. REVELL

Board of Public Works

ANNUAL REPORT OF THE BOARD OF SELECTMEN

The newly elected Board of Selectmen consisting of James Dacey, William D. O'Neil and Charles F. Hooper held an organization meeting after election on March 14, 1961, at which time Mr. Dacey was voted Chairman of the Board and Mr. O'Neil was voted Clerk. Mrs. Ruth Chism was appointed secretary to the Board. Regular meetings have been held on Tuesday evenings during the year.

As authorized at the last annual Town Meeting, the Board of Selectmen appointed the first members to serve on the Franklin Urban Redevelopment Authority for the Town. The Selectmen have cooperated in every way possible with this Authority in order for the Town to receive the fullest benefit of the program. A report of this committee will be found elsewhere in this book.

In June your Board of Selectmen traveled to Washington, D. C. at its own expense to attend a day-long workshop meeting with Senator Benjamin A. Smith and the Area Redevelopment Administration with regard to assistance eligible to Franklin under the new Area Redevelopment Act.

For the first time a Conservation Commission of five members was appointed by the Selectmen as authorized at the last annual Town Meeting. A report will be found elsewhere in this book.

During the year, the Board as Licensing Authority has turned over to the Town Treasurer \$12,395.35 for various licenses and permits.

The receipts from the parking meters for 1961 totaled \$7,947.08 making the grand total of \$29,459.87 at the end of the year in the Parking Meter Fund. As in previous years, we propose to sponsor an article to transfer \$1,475.00 from the Parking Meter Account which will reduce the Police Budget by the same amount.

The following work has been done in the Town Hall Building: Additional heating installed in the basement, railings installed at the front entrance of the Town Hall, back fence repaired, new side door to the Town Hall. Two rooms and floor in the basement were painted. Improvements we should like to see accomplished this year include additional painting inside the Town Hall, new side steps with railing and a hot top area next to the building installed for additional parking space.

Office space for the various town departments is becoming more crowded each year with requests received by us for more space from the majority of the departments. The present building is inadequate to take care of all these needs.

Your Board is continuing its work with the Police Station Survey Committee in preparing plans for a new Police Station and a suitable location.

As voted at the last annual meeting, street lighting has been improved in the business and residential district along East Central and

West Central Streets. To continue the program, the Board of Selectmen together with Mr. Daigle of the Mass. Electric Company made a Street Lighting Survey of the entire town including the business district, accepted streets and streets in the new subdivisions. Funds for further improving the street lighting in the business section and streets already accepted by the Town will be requested under the Street Lighting appropriation. Following the articles for acceptance of several new streets as recommended by the Planning Board, we have inserted an article for street lights on these streets provided they are accepted at the annual meeting.

With the population of our Town now over 10,000 and growing every year, we all realize there are problems and decisions which the Town is facing now and in the near future. We called together a meeting of a Policy Making Committee composed of the various town departments to make recommendations with reference to a long range planning program. It was felt the establishment of the following departments would be most beneficial to the Town and we are recommending that articles as below be approved at the annual meeting:

Town Engineer
Town Accountant
Personnel Board

We wish to thank the various elected boards, department heads and committees for their diligent work, cooperation and assistance during the past year.

Respectfully submitted,

JAMES DACEY, Chairman

WILLIAM D. O'NEIL

CHARLES F. HOOPER

Board of Selectmen

ANNUAL REPORT OF THE BOARD OF APPEALS

To the Honorable Board of Selectmen:

During the year 1961, the Board of Appeals held hearings on permit applications submitted by the following:

January 18, 1961

John Frazian

Variance on lot with less than required frontage. Granted.

January 30, 1961

James Foran

Variance on lot with less than required frontage. Granted with restrictions.

February 13, 1961

Robert R. and Lillian A. Sederman

To convert a two-family dwelling to a three-family dwelling at 182 Union Street. Granted.

February 13, 1961

Lois Davis

To use basement of dwelling on Lot No. 51, Partridge Street for a pre-primary school. Hearing not required.

March 13, 1961

Carlo and Elizabeth Pezzuolo and Nicholas Rossetti

Variances on Lots No. 3 and No. 4 Oak Street. Granted.

March 13, 1961

Harry and Virginia Varjian

Variances on Lots A, B and C, off McCarthy Street. Denied.

March 20, 1961

Robert Pellegri

To re-locate garage at 36 Ruggles Street. Variances granted.

April 10, 1961

Robert Besso

Variances on Lot No. 5, corner of Pond and Jimmy Streets. Denied.

May 22, 1961

A. Whitaker and B & M Construction Co.

To conduct an antique business at 643 East Central Street. Denied.

May 22, 1961

George Reis

To build a garage on an existing foundation, closer to property line than zoning law requirements. Granted with restrictions.

June 5, 1961

Leo W. Millette

To remove surplus loam from Section IV, Fox Hill on Pond Street. Granted with restrictions and bond provision.

June 5, 1961

Camillo Staniscia

To use present structure at 176 Cottage Street which is closer to lot lines than zoning law requirements for raising turkeys. Granted.

June 12, 1961

Albert Ficco

To expand existing building at 300 East Central Street which is closer to lot lines than zoning law requirements. Granted.

June 12, 1961

Mario Sarrica

To build a two-car garage closer to lot lines than zoning law requirements. Granted.

July 17, 1961

Archie Goorigian

To conduct a business at a vegetable stand on Washington Street closer to street lines than zoning law requirements. Granted with restrictions.

July 17, 1961

Stobbsart's Nurseries

Area and frontage variances on property on East Central Street. Granted.

July 31, 1961

Archie Varjian, Jr.

Variances on proposed commercial building at 122 Emmons Street. Front yard variance granted.

September 11, 1961

Anthony Bonifazi

Temporary permit to store and dismantle automobiles in a residential area at 115 Alpine Place. Withdrawn by applicant.

September 11, 1961

Albert Lomberto

To divide a parcel of land into two lots, one of which contains an existing dwelling, the second has less than required frontage to permit construction of a new dwelling located between 704 and 724 Washington Street. Denied.

October 23, 1961

Robert R. and Lillian A. Sederman

To convert one of two apartments into rooms to be rented as rooms located at 184 Union Street. Granted.

November 20, 1961

John Zappitelli

Approval of lot sizes on land located between Washington and Joy Streets. Denied.

November 20, 1961

Hattie A. Johnston and Beatrice Dalton

To divide property located at 132 Main Street with two or more dwellings. Granted.

November 20, 1961

Louis Carlucci

To build two houses and garages on two separate lots closer to side and street lines than zoning law requirements. Denied.

During the year, the Board of Appeals also held two grievance hearings and in both cases upheld the decision of the Building Inspector.

Respectfully submitted,

Board of Appeals

EDMUND D. PISANI, Chairman

JOHN J. McCAHILL, Secretary

ALBERT PALUMBO

Associate Members

GEORGE HUTCHINSON

RICHARD C. MORRISSEY

ANTHONY M. VIGNONE

REPORT OF THE INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen:

The annual barn inspection just completed shows that there are thirty-five barns or stables that keep animals in the town. The individual count of animals is as follows:

- 427 milking cows
- 46 dairy animals one-two years old
- 60 dairy calves
- 5 bulls
- 61 beef animals

There are at least fifteen different horse owners which indicates the increased interest in saddle horses. I also found a few sheep and goats.

As expected in an area of decreased cattle population the number of cattle brought into the town from out of state has decreased in the past year; the yearly testing for tuberculosis in cattle was negative—meaning no T.B. reactors.

There was a slight increase in the total number of dog bites, and these cases were quarantined. All dogs were healthy and did not show any symptoms of rabies.

Respectfully submitted,

RICHARD M. HANCOCK, D.V.M.,

Inspector of Animals

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Franklin:

Your School Committee hereby submits its annual report for the year 1961.

The detailed and comprehensive report of our Superintendent of Schools, accompanied by the reports of our various school principals, heads of departments, director of athletics and school nurse contains information that will enlighten our citizens in the problems, conduct, financial operation and educational needs of the school system.

Your Committee believes that the educational system of Franklin has been maintained and improved to a high degree of efficiency, and that is due, not only to the ability and efforts of those in charge, but also to the spirit of cooperation manifested by the parents, teachers and pupils.

Double Sessions

Our school population continues its rapid growth and our total enrollment was in excess of 2,000 children in September, an increase of over 130 from the previous year.

It was necessary again to have double sessions in the fifth, sixth, seventh and eighth grades which were conducted in the Theron Metcalf School.

Because of an enrollment of 549 in the High School which was designed to handle 435 students, it was necessary to create double sessions in the High School starting in September.

Summer School

Under the sponsorship of the Parent-Teacher Association another very successful summer school was conducted. One hundred and forty-one students were enrolled, an increase of 22 over the previous year. The following subjects were offered with teachers as indicated:

Typewriting—Mrs. Priscilla Pond
 General Mathematics—Mrs. Priscilla Pond
 United States History—Mr. Benjamin Thomas
 World History—Mr. Benjamin Thomas
 English, Grades 9-11-12—Mr. Francis Cove
 English, Grade 10—Mr. Lionel Leclerc
 French I and II—Mr. Lionel Leclerc

Driver Education—Mr. Francis Cove
 Algebra I and II—Mr. Donald Hamelin
 Remedial Reading—Mrs. Grace Ostrander
 Remedial Arithmetic—Mrs. Grace Ostrander

The summer school was under the direction of Mr. Henri Beane and the purpose was to aid students having scholastic problems.

It is financially self-supporting and aid is not required from the school budget.

Budget

The costs of operating a school system depend upon the quality of the program and the scope of its offerings and varies directly with the costs of materials, personnel required and number of children educated.

The increase in the 1962 budget is caused by increased salaries, additional teachers (seven in High School, six in Junior High, three in elementary grades), a new Theron Metcalf School Principal, a Librarian and a Guidance Director, four additional janitors and a maintenance man, additional textbooks and supplies for increased enrollment.

Intelligent economy is our first principle and wherever possible reductions have been made in such accounts as transportation, repairs and replacements, and outlay.

Severe competition between communities to obtain teachers reflects in a constant trend of salary increases. The following new salary scale was adopted to become effective in September, 1962 and increases the previous scale by \$200.00.

New Salary Schedule — September, 1962

Steps	Group	Bachelor's Degree	Master's Degree	Credits Needed
1		\$4,200.00	\$4,500.00	
2	A	4,350.00	4,650.00	3
3		4,500.00	4,800.00	
4		4,700.00	5,000.00	
5	B	4,850.00	5,150.00	3
6		5,000.00	5,300.00	
7		5,300.00	5,600.00	

8	C	5,450.00	5,750.00	5
9		5,600.00	5,900.00	
10		5,750.00	6,050.00	
11	D	5,900.00	6,200.00	5
12	Maximum	6,200.00	6,500.00	Total 16
Maximum plus Longevity		6,400.00	6,700.00	

In order to qualify for Step 12, each teacher may be required to attend one (1) summer session covering at least four (4) credit hours, at the discretion of the School Committee and Superintendent.

No partial increases will be allowed. One must fulfill all requirements before September.

Non-credit and audit courses will not be acceptable for credit.

The minimum qualifications for new teachers shall be a four (4) year college degree with three (3) years' successful experience preferred for high school teachers.

The policy of the School Committee will be to limit appointments in the elementary schools to graduates of teachers' colleges, schools of education, and liberal arts colleges who have prepared specifically for teaching in the lower grades.

In order to move from four (4) year level to five year (5) year level, a Master's degree shall be required.

All extra curricular work, including coaching of athletics, orchestra, band, dramatics, athletic director, lunchroom supervision, etc. will be decided annually by the School Committee.

The salaries of teaching and supervising principals, supervisors, department heads, vocational and special subject teachers will be decided annually by the School Committee.

All courses must be approved by the Superintendent of Schools in advance.

Maintenance of Buildings

Repair work during the past year consisted of the following:

Ray School—Repairs to basement, new gutters, down spouts and dry wells.

Horace Mann School—New desks and chairs for teachers.

High School—New roof.

Junior High School—Complete repainting inside.

Parmenter School—Repainting outside.

New High School

Work has been progressing at a satisfactory rate on the construction of our new High School and it is hoped that it will be ready for occupancy in September of 1962.

The opening of this new building will make it possible to initiate an improved educational and athletic program as well as eliminate the existing double sessions.

A brief synopsis of the new High School educational program is as follows:

In the area of science, five modern classrooms, including a physics laboratory, a chemistry laboratory, a biology laboratory and two general science rooms will allow us to develop a modern, thorough going science program.

Our new shops will make it possible to offer woodworking, automotive repairs, and metal work. The home economics suite will offer sewing, cooking, homemaking, home nursing and consumer education.

A controlled and coordinated program of audio-visual aids to education will be possible. This includes a complete language laboratory which will make it possible to teach the speaking and understanding of oral foreign languages not possible before.

Our new library will not only aid research in all academic subjects, but also there will be regularly scheduled classes in library science aimed at training our young people in the use of a library, a technique vital to further study.

The gymnasium facilities will allow two periods of gymnasium classes per week per student and also make possible a really adequate program of intramural athletics for all boys and girls.

The auditorium and large lecture room will be used to implement a full program of public speaking, dramatics, and music, and will allow large group instruction when needed. Townspeople will be welcome to use the auditorium for various functions as lectures, plays, concerts and large group meetings.

Adequate gymnasium space, large athletic fields adjacent to the High School facilities, and greater participation by more students, both at the High School and Junior High School levels because of an expanded program, will reflect in the physical development and character building of the young people involved.

Enrollment Projection

An enrollment projection is made yearly for the purpose of knowing the school population in the immediate future and making intelligent long range plans.

Our November, 1961 projection shows a continued rapid growth in grades one through six which will create a serious room shortage by 1965. Because of this developing condition your School Committee has asked for another survey committee to be appointed to study and make future recommendations to the town.

We wish to commend the Superintendent of Schools, the principals, supervisors, teachers and janitors, and all others engaged in the operation of the public schools for the fine spirit of cooperation shown in their continued efforts throughout the year.

Respectfully submitted,

LEONARD L. F. REMINGTON, Chairman

LILA W. DOE

LEWIS J. CATALDO

VINCENT J. DeBAGGIS

RAYMOND D. MERCER

School Committee of Franklin

ANNUAL REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Franklin School Committee:

The following report is the eighth submitted annually by the present superintendent. It is the seventy-first in the series of annual reports. Each of the principals and department heads has contributed to the report. It is hoped that, in reading the following pages, you and the citizens of Franklin will gain a comprehensive view of the schools for 1961.

Our new high school is well underway. It is greatly to be hoped that its doors will open to students at the beginning of the 1962-1963 school year. Meanwhile, all grades five through twelve continue on double sessions. I should like to commend the teachers of the high school and the Theron Metcalf school for their good work under difficult conditions. Under the able leadership of Mr. Beane, High School Principal, and Mr. Rabaioli, Theron Metcalf School Principal, these schools are doing a fine job. We all look forward to the time when curtailed sessions, eliminated courses, shortened extra-curricular activities and assignment at odd hours will be memories.

It might be well to mention here that the new high school will not solve our classroom shortage completely. Our enrollment projection shows an elementary grade enrollment of 1,525 by 1966. We now have 37 elementary grade classrooms available. They will provide places for 1,110 pupils. Next year our enrollment is expected to be 1,191. We will be more than two classrooms short. When the 1,525 figure is reached, we will be 14 classrooms short. My recommendation is that the town start immediately to build a six-room nucleus for a fifteen-room school on the lot on Pond Street already owned as a school site.

The 1961 budget showed an increase of about 10.7% over the 1960 budget. With additional teachers needed for our ever increasing enrollments and with salaries on the rise, it is impossible at this time to foresee a lessening of this upward trend. It is rather fairly obvious that the pace of increase will quicken with the opening of our new school. We are in a highly competitive situation when we try to employ new teachers. We must, therefore, increase our salaries to keep our position one in which we are able to get competent people in our classrooms and to hold them once they are there.

Staff Changes

After forty years of teaching in Franklin, Mary L. Doherty retired in December. It is well to pay tribute to the efforts of this fine, dedi-

cated teacher. All of Franklin should appreciate her devotion to duty for which we thank her. We will miss her. The schools have lost a good worker and a fine lady.

High School:

Left: Millard D. Harrison, Francis L. Mageau, H. Dean Peterson, Lionel M. Leclerc, Anna M. Parker, Helen W. Rhodes.

Appointed: Warren F. Griffin, Jr., Robert L. Hebets, Warren R. Kemp, Herman C. McCall, Kevin M. Quinlan, John J. Crowley, Hector H. Renaud, Joannah B. Brunelli, Sara J. Dailey, Claire B. McCarthy.

Theron Metcalf School:

Left: Joan Flynn Cronin.

Appointed: William L. Condon.

Parmenter School:

Left: Ruth L. Brighton, Hazel M. Gleason.

Appointed: Eleanor M. Abrahamson, Frances E. Scott.

Supervisors:

Left: Edward B. Cunningham, Art Supervisor.

Appointed: Hazel M. Gleason.

The reports of principals and department heads follow:

High School

The following is my third annual report as Principal of Franklin High School.

The total enrollment of the school as of October 1, 1961 was 550, with 271 boys and 279 girls. The breakdown by classes was as follows:

Grade	Boys	Girls	Total
12	46	56	102
11	58	56	114
10	67	75	142
9	100	92	192
	<hr/>	<hr/>	<hr/>
Totals	271	279	550

This year for the first time in the history of Franklin High School we embarked on a double session program, with grades 10, 11 and 12 attending the morning session and grade 9 attending the afternoon session. Enrollment for the morning session was 358; the enrollment for the afternoon session was 192. The hours of attendance in the morning session are 7:45 until 12:21, and in the afternoon session from 12:30 until 5:06. Although this double session program resulted in many inconveniences for parents, teachers and students, and necessitated curtailment of our program, I am happy to report that the co-operation of all those involved has made it possible for our double session program to function smoothly and efficiently thus far.

A revision of our hot lunch program has made it possible for us to continue to offer lunches for both sessions of the high school as well as for students from the Horace Mann School and the Ray School. This particular time of the day, from 11:00 to 1:45, has obviously been the most difficult for us, but again the cooperation of all those involved has made it possible to effectively handle the lunchtime program.

It is interesting to note that in my annual report of 1959 regarding school enrollment I estimated that our enrollment for this year would be 532. This figure was arrived at by making generous allowances for anticipated growth. Yet, we find that the generous estimate was 18 short of the actual enrollment.

In June of 1961 we graduated a class of 98. Of that number 20 are continuing their studies in four-year colleges, 11 are attending junior colleges, 13 are enrolled in business schools, 9 are attending schools or hospitals for nursing, 3 are attending schools for hair-dressing, 28 have obtained employment, 10 have enlisted in the armed services, and 4 are unaccounted for. Almost all of our four-year college students received some kind of financial assistance, either local or national.

Changes of Curriculum:

The advent of double sessions necessitated keeping curriculum changes to a minimum, but in every instance we have maintained the curriculum revisions of previous years which we have found to be worth-while. In the 9th grade we have added a Government I course dealing primarily with state, county, and local government. This move was in keeping with the policy of the Department of Education which has been stressing the need of more government courses in secondary curriculum. Last year we introduced Government IV dealing with government on the national level, and now with the two courses we feel that the problem is being adequately handled.

We have continued in our efforts to establish real homogeneous grouping in English and mathematics at all levels, and have tried to

extend this practice to the areas of foreign languages, social studies, and science wherever it is found to be feasible.

Changes in Daily Schedule:

The introduction of the double session at the High School naturally brought about drastic changes in the daily scheduling. In order to maintain a 6-period day for both sessions it was necessary to cut the length of the class period from 48 to 40 minutes. We are still meeting the state requirements for the length of a school day in both sessions, but we are looking forward eagerly to the time when we can restore a 48 or 50 minute recitation period. The advent of the two session day made it necessary to eliminate the detention hall, and in its place we introduced the demerit system for general discipline cases.

Demerit System:

The demerit system introduced in October has worked effectively in handling minor discipline cases within the school. The system in brief is as follows: Each student is allowed 30 demerits a semester. Demerits are given for tardiness to school and to class, truancy, and any instance of misbehavior. They vary in number according to the offense. For example, tardiness to class carries a 1-demerit penalty, whereas truancy from school calls for 10 demerits. When a student has received 25 demerits the parents are notified by letter. When a student has received 30 demerits he is suspended from school until such time as one or both parents report to the school to discuss the situation. Following this first suspension the student involved is allowed 15 additional demerits. If these are used up before the end of the semester he will again be suspended and must appear before the school committee before he may return to school.

The demerit system is used in addition to the normal policy of suspension for smoking on the school grounds, profane language, or defacing of school property.

The School Plant:

With our present high school building virtually in continual use from 7:45 in the morning until 10 o'clock at night, the wear on the building and equipment has naturally been excessive. The time available for normal cleaning purposes and refurbishing has been drastically reduced, and the effects are showing on the school plant. It is to be hoped that we will be able to move into our new high school on schedule, because the continued use of the present building on a double session program has been and will continue to be expensive to the town.

Under normal school use the building can continue to give excellent use for many, many years.

In the light of all possibilities, however, and at the suggestion of the Superintendent of Schools, plans are being formulated for a continuance of the double session set-up in the event we are unable to go into our building on time.

Testing and College Examinations:

Because of the existence of the double session during the current year, we were forced to dispense with the normal testing of all high school students under the Iowa Educational Developmental Plan. We did, however, administer tests to the freshmen and sophomores, at no cost to the town, with a new diagnostic testing program which is in the process of establishing norms for high school students throughout the country. This program revealed that our students were making satisfactory progress in all areas. We will continue this year to place great stress on our mid-year and final examinations.

In regard to college admissions, I would like to again stress the point that college entrance examinations are the direct concern of the student and the College Entrance Examination Board. The school and its authorities act only as the agents and advisors in regard to this testing program. Information is made available to the students involved at special meetings during the year, and students are given all the necessary materials and instructions. From that point on the involvement concerns only the student and the testing bureau.

Students are advised also that the College Board Service has a department of scholarship assistance. Information blanks are available, but here again the involvement now is strictly between parents and the College Board Service.

Although more and more students are applying to colleges, there are many openings available in fine colleges throughout New England where students with good grades can gain admittance. Admission to the so-called "Top Twenty" schools in the country remains difficult unless the student has exceptional grades and a wide variety of extra-curricular activities.

School Attendance and Study:

The most serious and prevalent problems in our high school today are school attendance and home study. It is unfortunate but true that too many parents are cooperating with their sons and daughters in de-

feating success in these areas. The importance of school attendance has unfortunately been greatly minimized during the past few years by failure of parents to cooperate with school authorities in stressing the importance of daily attendance. Students are being allowed to remain legally out of school under the most flimsy pretenses which are corroborated by parents with letters of readmission.

Presumably, parents in their natural love for their children feel that they are doing the right thing in legalizing unwarranted absences. Such action on the part of parents can only serve to produce in their youngsters an attitude of complete indifference to the policy of the school in regard to legal attendance.

A school is entrusted with the serious responsibility of being fully cognizant at all times of the whereabouts and activities of those youngsters entrusted to its care for the school day. Unless there is complete cooperation on the part of parents the whole situation becomes a farce, and the school is placed in an impossible position in respect to its responsibility in this area.

School attendance is governed by state law, and every parent should understand that the law requires regular attendance until the child is 16 years of age. Prior to age 16, habitual absence or tardiness can be handled under the law in one of two ways: 1) the parents may obtain a home permit for the student involved, or 2) the attendance officer may issue a complaint for habitual truancy or absenteeism, taking the matter before the courts.

It is to be hoped that the parents of Franklin High School students who, we are sure, want the best for their sons and daughters will give us their full cooperation in this area so that students will not be allowed to make light of the situation while building up a poor record which may be detrimental to them later in life.

Going hand in hand with the attendance is the failure of too many parents in interesting themselves in the home study habits of their youngsters. Only through proper home study can a high school student achieve proper grades. A reasonable amount of home study is a normal and healthy procedure. Parents who minimize home study with the argument that they want their youngsters to be happy and enjoy life are most definitely creating a situation where their youngsters will not be happy, and will not be able to enjoy life because they will not have the mental tools to handle the increasing complexities of our existence.

If it is true that "all work and no play makes Jack a dull boy" we must remember it is more than likely true also that all play and no work makes Jack a dumb citizen. "Nothing in excess" in regard to work and play in school life would seem to be the better philosophy.

Extra-Curricular Activities:

In spite of the fact that we are on double sessions, the high school has continued its work in the broad area of extra-curricular activities. We are engaged in interscholastic competition for boys in football, baseball, basketball, track, and golf on a varsity level. Our freshman boys are competing in football, basketball, and baseball. The girls are participating in interscholastic sports in basketball and softball, and carry on an extensive intramural program in other sports.

We have our school band with its senior and junior drill teams involving more than 125 students, glee club, two honor societies, student council, commercial club, and camera club.

In order for an extra-curricular program to be successful, students who are participating should be made to realize that they should not over-extend themselves, and that they should have a sense of loyalty and responsibility in respect to those organizations with which they are connected. The school stresses the idea of responsibility, and hopes that all parents will cooperate in making their youngsters realize the importance of individual responsibility insofar as activities are concerned. Youngsters who express a desire to represent the school in extra-curricular activities must develop a sense of loyalty and responsibility to that activity if we are to realize any great success.

I stress this point now because of the fact that in our new school set-up activities will probably be more extensive, and students will be faced with the responsibility of making definite choices with limitations placed upon the number of activities in which they may participate.

Recommendations:

1. In the light of a new and expanded curriculum in our new high school, I recommend that at least one and possibly two foreign languages be added to the language department. In this respect I would recommend Spanish first, with German as a second possibility.

2. To counteract the obvious trend of becoming a "looking" population, I suggest the emphasis be placed upon a "speaking" population by requiring one year of public speaking of all high school students.

3. I recommend that, in the light of expanded facilities, consideration be given to the inclusion of classes for experience only. For example, college preparatory students would be given experience training in woodworking, metalworking, ceramics, cooking, and sewing.

4. An extensive intramural program should be established at the high school level to provide greater participation on the part of all students in our athletic program.

5. Steps should be undertaken to permit the taking of advanced courses by our accelerated students at Dean Junior College under a planned program.

6. I recommend that the School Committee give serious consideration to a recommendation made in previous years for awarding diplomas in four categories, namely, college preparatory advanced placement, college preparatory, business, and general education. This procedure, we feel, will give a more accurate picture of and meaning to the high school diploma.

In Conclusion:

My work during the current year has been greatly aided by the untiring assistance of my vice-principal, Mr. Rose. In addition to teaching three classes in mathematics, he has most capably carried out the duties of vice-principal and administered the demerit system and minor disciplinary problems. The time has now approached where Mr. Rose will probably have to be freed from all his classes in mathematics in order to take care of administrative duties, as our school population increases.

He has proved to be of invaluable assistance, and it is a foregone conclusion that he will continue his fine work in any new administrative duties that may be given to him.

Finally, I would like to take the opportunity to express my sincere thanks to all those town agents and agencies whose interest and cooperation throughout the school year have been so beneficial to my efforts. I should especially like to express my thanks to the School Committee, the Superintendent of Schools, the teachers, the members of the office staff—Mrs. Fleming, my secretary, Mrs. Diorio and Mrs. Blackwood—to Chief of Police Arthur Pellegrini, our attendance officer, to the custodial staff, and finally the parents and the students.

JUNIOR HIGH SCHOOL

It is with great pleasure that I submit to you my second annual report.

Enrollment:

The total enrollment of the school as of October 1, 1961 was 682. The following table illustrates the distribution of pupils:

Grade	Boys	Girls	Totals
8	102	77	179
7	91	79	170
6	92	77	169
5	65	99	164
	<hr/>	<hr/>	<hr/>
Totals	350	332	682

Staff:

This year there was only one change in the teaching staff. Mrs. Joan Cronin, grade six, left and Mr. William L. Condon was appointed in her place. We have been fortunate indeed to maintain a stable, capable staff.

Accomplishments:

1. The steady growth in pupil achievement, as indicated by the performance of all grades on the standardized achievement tests, attests to the quality of our instruction. All grades scored above the national averages on these tests.
2. The teachers continue to do an outstanding job under the most difficult conditions of overcrowded classrooms and inadequate facilities. Our teachers are teaching.
3. The physical education program has been revitalized. Every youngster in the school has been tested for physical fitness. The next step is to bring every pupil up to standard.
4. The athletic program, now in its second year, has been very successful. We have produced winning teams in football, basketball and baseball. More important, however, is the contribution the program has made to the overall morale and spirit of the school.

5. Assembly programs are held throughout the year, and give our pupils an opportunity to participate in dramatics, music and art.
6. All fifth grade pupils participate in the TV French programs.
7. All sixth grade pupils receive biweekly instruction from a science instructor from the Audubon Society as well as using the science programs to supplement the regular science instruction.

Future Plans:

With the new high school becoming a reality, the future looks bright for our elementary school and junior high school pupils. Once the junior high school is moved into the present high school building, the educational program will be broadened. With more available classrooms and facilities, all facets of the curriculum can be implemented. We will truly be a junior high school.

The fifth and sixth grades housed at the Theron Metcalf School will at last have a home of their own. The curriculum here can also be expanded. Team teaching is now being explored and some areas of this technique may be used.

Recommendations:

I should like to make four recommendations:

1. Increase the teaching staff so that the classes may be reduced to normal size.
2. Introduce French at the junior high school level.
3. Acquire a guidance counselor for the junior high school.
4. Add library facilities at the Theron Metcalf School and improve the library at the junior high school level.

GERALD MURDOCK PARMENTER SCHOOL

At Parmenter School we have ten classrooms this year. There are four first grades, with Mrs. Lucy Pasacane and Mrs. Barbara Ray back with us, and two new teachers, Mrs. Eleanor Abrahamson and Miss Frances Scott. We have five second grades with Mrs. Ruth Masi, Miss Helen Myers, Miss Joan Fairbank, Mrs. Margaret Welch and Mrs. Jane MacIver. Mrs. Maybelle Pond is the teacher of our one third grade.

We have continued homogenous grouping in the first and second grades. It is impossible to carry this unto the third since we have only one third grade, composed for the most part of neighborhood children who can walk to school. The teachers report satisfactory results; the children develop at their own rate, depending principally upon learning rate and rate of maturity. The parents have been most understanding and cooperative when this method of grouping has been explained to them.

We use many audio-visual aids in our teaching, including films and filmstrips, record player, and television. All the children participate in Channel 2 Educational TV; Grade III in Literature, Grade II in Music, Phonics, and Science, and Grade I in Phonics and Science.

Education Week was observed with individual parent-teacher conferences on one afternoon and one evening. The response to the teachers' invitations was very gratifying, with over 70% of the parents coming to school to discuss their children's progress. We feel that these conferences are an excellent "first report of the year," and also a valuable means of understanding and helping each child.

The teachers at Parmenter School had a "Visiting Day" in November, when they went in small groups to observe non-graded schools and team teaching in Marblehead, Sudbury, Concord, Wayland and Weston. We are interested in having a series of workshops during the remainder of this year to study further the research and development of these techniques of instruction. We feel that there can always be improvement in education. However, change does not guarantee improvement. This is the reason for our desire to study thoroughly new methods before suggesting change.

Our most urgent recommendation is that the School Committee seriously consider establishing a kindergarten in Franklin. It has been our experience that most children need this pre-reading period to assure success in the primary grades, where reading is the most vital area. Many children find it necessary to spend their first year in school on a program of readiness in any case, and this means that many first

graders spend two years in grade one. This is expensive for the town and regrettable for the children. Most good school systems today include a kindergarten as an indispensable part of their school system. Roger Woodbury, in his **Study on the Effectiveness of the Kindergarten** for the New England School Development Council, states, "There is little doubt of the value of the kindergarten today as more and more research programs find it has positive results in early elementary grades."

HORACE MANN SCHOOL

The Horace Mann School has a present enrollment of 255 pupils. This shows an increase of 21 over our September figures. Of this number, 224 are bus children.

There was one staff change at the Horace Mann School this year. Miss Helen Leary was assigned to grade four.

On November 9, Parents' Day, a conference and tea was held at this school. Our school is open at any time of the year to parents of our children. However, this specific day enables parents and teachers to confer in an informal manner over a cup of coffee. Many parents are bewildered by changes that have taken place in the curriculum in the elementary schools. The teacher explains the purpose and value in the program. Teachers and parents devise methods for home and school cooperation, with the constant thought in mind of better service to the children, because of our understanding of their strengths, their interests, and their needs.

The tea was very well attended. Nearly all parents, if not present on Parents' Day, contacted us during Education Week.

One of the fourth grade classes has started a "Book Club" this year. The club has increased interest in reading and the children are able to buy books reasonably. Another class subscribes to a magazine.

Television education is continued here. Grades four participate in the conversational French lessons. Grades three have literature and phonics. There is an evaluation check on the lessons, and a follow-up study.

Our savings stamp program has been a very successful one. Since January and through November our stamp sales have totaled \$396.30.

This year we have introduced a language testing program in both grades three and four at our school. Probably nothing in education is more important than development of effective language skills. This diagnostic testing enables teacher and pupil to detect and remedy trouble spots. We hope this program will do something to improve the pupils' attitude toward language study. The organization also allows for development of class activities, library periods, and periods devoted to free creative expression. Plenty of practice, which is necessary for retention, is provided also.

Our students, for the most part, are passing the tests in the physical fitness program.

Miss Diane Crooks, a student from Bridgewater State College, has been training at this school during this semester.

We are continuing to stress Character Training. Our goal is development of desirable attitudes.

At this school all teachers are aware of educational changes and practices. This is a period of transition. There are new dimensions of instruction. Elementary arithmetic programs of the future may be strongly influenced by machine teaching. Team learning, team teaching, and ungraded classes are topics discussed. Programmed learning, an art that good teachers have always known something about, is being stressed in some areas.

We here are thinking how these all might best be used to serve the students. If and when research proves the value of these practices, we hope to develop something which will work in our particular situation, and will provide an enriching experience for our particular students.

We shall always place emphasis on the individual needs and individual growth. No child shall be allowed to fall. Every child is worthy of the best that can be done for him.

I strongly recommend that a good classroom library be established in each room.

We should have lunchroom facilities for this building.

This school needs a new roof. The boys' basement should be renovated.

MUSIC

This report refers to vocal music in grades seven through twelve and instrumental music in grades five through twelve. The vocal program in grades one through six is very ably conducted by Miss Myrtle Lougee, Assistant Supervisor of Music, and she is reporting separately concerning the elementary vocal program.

The Vocal Program:

At the Junior High School level two periods of music are available. There is no general music class as such but both grade seven and grade eight have chorus one period each week. Under such conditions, brought about by double sessions, no music program could prosper. With the opening of the new high school, I would recommend that each junior high school class be required to take one period of general music and that two periods a week be set aside for a combined grades seven and eight chorus. The chorus should be elective and selective.

The Instrumental Program:

This aspect of our overall program is the most encouraging. Our marching unit has a complement of 120 students; among these a dancing drill team, a military drill team, a color guard, majorettes, twirlers, and the playing members of the band. Our concert band has 40 members and for the first time we are achieving a fine balance in the various sections. We have added a sousaphone, bass clarinet, baritone sax and tenor sax to our reed section and now have the necessary instrumentation for large concert pieces.

Because of double sessions the band must rehearse at night. Generally a one-hour rehearsal is scheduled each Tuesday and Thursday evening. The school bus picks up the students at 6:00 P.M. and usually has everyone back home at 9:00 or 9:30 P.M.

I wish to express my gratitude to Miss Alice Beane who worked with the dancing drill team and also to Miss Myrtle Lougee, Assistant Supervisor of Music, who is doing outstanding work in spite of double sessions.

ELEMENTARY MUSIC EDUCATION

The music experiences for children in the elementary grades are planned so that immediate success is possible, yet graduated in difficulty so that progress may always be made in music at each grade level.

Since the majority of children when they begin school have had no formal teaching in music, in grade one we set out to provide a broad experience in hearing and imitating, singing of rote songs, and feeling varied rhythms. Rote singing serves the child as an outlet for self expression as he grows in dramatic, emotional, imaginative, and creative power.

The singing of rote songs continues throughout the elementary grades as a worthwhile activity, developing good habits of attention, comparison, and retention, all in connection with increasingly accurate listening followed by accurate repetition.

We have placed new music books, the "Music for Living" series, published by Silver Burdett Company, in all grades this year, complete with records for each grade level, as well as teachers' guides and accompaniment books. There is much beautiful music to be found in these books, and on the records whereby a suitable repertory can be provided for each grade level.

Emphasis throughout the elementary grades is placed on good tone quality for it not only refines the taste of the children, but it helps phrasing and intonation. The essentials of voice quality are also the essentials of true pitch, and with pure tone production, inaccuracy of pitch usually disappears.

In grade two the children are familiarized with scale tones and are made aware of the placement of notes on a staff, in preparation for third grade work. As there is an increasing interest about notation developing at this grade level, children learn to name various notes (quarter, eighth, half, whole). Children are led to notice that melodies are constructed scalewise or skipwise, and become aware of repetitions of like and unlike phrases. They are developing an understanding that notation is a "picture of melody."

In grade three, we continue with and develop further the program presented in grade two, and include the teaching of thirds as they appear in new songs. We introduce the children to music notation through the singing of rote songs, and further their understanding of new rhythmic patterns of the songs they sing.

Building a readiness for and introducing part singing is included in the music program in the fourth grade, through the use of dialogue songs, rounds, songs with harmonic endings, counter melodies and descants, thirds and sixths.

In grade five we endeavor to make two-part music one of our achievements, and sing songs with thirds and sixths, to expand and further develop a feeling for harmonization.

In grade six we continue to develop a feeling for harmonization and stress the singing of not only two-part songs, but three-part songs as well.

All knowledge of symbols, theory and technique or performance is kept in its proper place as a by product of the main musical activities in the music education program, in order that they may be related to the entire program, and not as something apart from it. We attempt to keep this process of learning highly musical and pleasurable, and integrate it with the entire music education program. We are trying to build concepts which will include both musical and intelligent understanding of the printed page.

We have a large number of children enrolled again in our fifth and sixth grade choruses this year. Each chorus meets once a week. A program was presented by the elementary chorus in June, 1961 at the Theron Metcalf School. Several songs in two and three parts were presented by each chorus, as well as the combined fifth and sixth grade chorus.

In conclusion, I would like to recommend that pianos or portable organs be provided for more classrooms. Many of our teachers feel it would help them to do more effective teaching in their daily music periods.

ART

Art expression is a vitally important factor in the personality development of the child; and one of its most significant functions is to provide emotional release. It adds enjoyment to the life of the individual, helps him recognize and appreciate what is good in art, and to be conscious of beauty wherever he finds it.

The major aim of our art program is to help each child progress according to his abilities, potentialities, and needs. The program attempts to develop the child mentally, socially, and emotionally to help him become an active contributing member of his social group.

Since children's tastes and aptitudes differ, we try to use a wide variety of art materials whenever possible in order to allow free selection and exploration of media.

To date the students have used crayons, paints, water colors, modeling clay and colored chalk.

During the remainder of the school year work will be done in design, lettering, watercolor, paper sculpture, clay modeling, oil crayons, charcoal, print making, crafts, and the use of scrap materials.

HIGH SCHOOL ART

The Art Department offered to every student one basic course in the fundamentals of free hand drawing, color, design, and metal enameling regardless of the student's abilities or previous instruction. This year's class plan is the first in a series of three or four, progressing to more advanced problems and techniques, guaranteeing the students' familiarization with the basics and media.

During the first three quarters of the semester, work in black and white was considered. One and two point perspectives were discussed as an introduction which led to the relationship between form, design and space.

Form:

Form was exemplified by the student rendering a shape modeled by him in clay.

Design and Space:

Stylization of the human figure and placement in space were next studied, with emphasis on individual techniques and imagination.

Interest was kept high throughout the problems by injecting into each week's work one period of either lecture, visual aids, demonstrations, exhibits of my own work, criticisms of student work, or school sponsored art contests involving incentive prizes.

Fine detail technique was then attempted with the use of scratch-board drawings from still life models. Pen and ink was used to duplicate fur on drawings of animals, developing patience and introducing tedious and long hours of work for perfection.

We are currently attacking the world of unusual color, studying the color wheel and various color schemes obtained by mixing the secondary as well as primary pigments. The relation of color to design is being worked out in an abstract manner with attention on experimentation with hues, vocabulary of the arts, and good taste.

All lectures involve the academic side as well as carrying art into the student's personal life. Color, design, and good taste are discussed in their relation to dress, home decoration, social activities, exhibits, movies, books, television, etc. Discipline and proper care and cleaning of school equipment, timed class projects, occasional homework assignments, and a high standard of grading have resulted in work of high calibre, and, in some cases, professional standards. I am pleased to say that we have been able to interest at least a half dozen people in furthering their education in the arts.

Recommendations:

The only recommendation for the future, other than previously specified in my order for equipment for the new school, is a longer class period for art. There is more to be gained by a few long periods of art work than a whole week of periods just long enough to take out materials and put them away.

I feel sure that with the progress made thus far, the remainder of the year can only result in a final exhibition of the finest secondary school art in the state. With the accommodations and equipment available in the new school, next year should find results in the Art Department over and above our highest expectations.

HANDWRITING

Attitude plays an important part in the success or failure of a handwriting program in a school system. Parents, in general, have the attitude that they want to see their children write legibly. This attitude is shared by the members of a School Committee and the administrative staff. The responsibility of achieving a satisfactory handwriting product is then delegated to the handwriting consultant and the teachers.

The next step is to create a favorable attitude towards handwriting on the part of the pupils. Having achieved a wholesome attitude towards handwriting, it is then possible to develop an effective handwriting program through the use of adequate instructional materials and tenable teaching techniques.

The attack on the handwriting problem is three-fold. The first objective is to teach the form and arrangement of letters to the point of mastery. The second objective is to have each pupil achieve the speed standard for his grade. The third objective is to make handwriting functional in all writing activities. To achieve these objectives, we provide instructional and motivational materials for pupils and teachers. Teachers are instructed at regular intervals in methods to be used in teaching and the handwriting product is checked at the end of each interval with a diagnosis of same given to the teacher in writing for remedial purposes.

At the close of the last school year our records show that 88% of the pupils scored excellent, 11% scored good, 1% were fair and no % were poor in the formal handwriting test. It was found in checking the informal handwriting that there had been excellent transfer in handwriting quality to spelling, arithmetic, English composition, etc.

The cooperation of the administrative staff and teachers was all that could be desired and I take this opportunity to express my appreciation.

ENGLISH IN THE HIGH SCHOOL

In this school year of 1961-62, with Franklin High School on double sessions, each class in English meets fifty minutes less each week than in the past. Naturally, this means replanning of class instruction, elimination of some essentials, and a constant tension or feeling of rush in class activities. Departmental meetings are not possible, and consultations of individual teachers with the department head is hurried and irregular. Never the less, the staff of seven English teachers is offering its best, and the students are responding well.

In the spring of 1961, 95 juniors and seniors with two English teachers visited literary places in Concord. In September, 45 juniors and seniors attended a performance of Macbeth at the Shakespearean Theatre in Stratford, Connecticut, a most rewarding experience. These trips were financed by the students.

When the changeover to the new school is made, several features of the new building will make possible long needed improvements in the English curriculum. Classes in library science will be held; developmental reading will be started; large groups will be able to meet for special instructions or lectures by teachers or invited guests; class dramatics and speech activities will be conducted in the small auditorium.

My only recommendation for the year 1962-63 is that of the seven full-time English teachers needed that all be English majors and all be desirous of teaching English. This year three instructors of English are primarily teachers of other subjects, and English is not their preference. Their efforts are satisfactory and appreciated, but for the improvement of our English Department the above recommendation is made.

SCIENCE IN THE HIGH SCHOOL

While anticipating vastly improved scientific facilities in the new high school, the teachers in the science department have worked hard to overcome present handicaps. It is my feeling that Franklin High graduate students are well versed in scientific studies.

A full curriculum is offered students. General Science, Biology, Physiology, Chemistry and Physics are available to every student. Laboratory courses in Biology, Chemistry and Physics are mandatory.

The laboratory course in Biology is carried out under extremely limited and crowded conditions and is a tribute to the perseverance of the instructors. Students work with live and prepared specimens and use microscopes frequently.

General Science experimentation is confined to demonstrations by the teacher or teacher appointed groups.

Chemistry laboratory is most fortunate due to the efficient program scheduling of Mr. Beane. Here double period experiments are performed each week by the individual student. Working in this manner, self reliance and laboratory technique are developed. Scientific report writing is stressed in reporting experiments.

Physics laboratory is conducted weekly in a double period. Because of apparatus expense this work is done in groups of three. Reports are also a requisite.

Each year a science exhibition is held in the gymnasium at which time many fine examples of student initiative are explained by students to the general public.

Due to double sessions, the Science Fair will be omitted this year, but it is hoped its renewal in the new school will be a memorable project.

Much new equipment will be needed in the new high school since complete laboratories will exist in Chemistry, Physics, and Biology, as well as a plant growing room. The National Defense Education Act will match local funds and it is hoped that we move into our new science wing fully equipped.

It must be noted that science books are being frequently revised and upgraded. Where this formerly was a ten year affair, new editions, **much more difficult**, are published every third or fourth year. Student preparation before high school will, of necessity, increase in scope.

In closing, a tribute must be paid to the teachers who left the department of science last year, Mr. Mageau, now teaching in England, and Mr. Peterson, now teaching in New York. They were most efficient and cooperative. We wish them well.

AUDIO-VISUAL AIDS

Over 80 sixteen mm sound films will be shown in the High School during the 1961-1962 school year. In addition frequent use of filmstrips, slides, and opaque projection occurs in the classrooms.

Of the sound films, 48% are obtained free from such agencies as the Bureau of Mines, General Motors, Ford Motors, Shell Oil and the New England Telephone Company. These films are of excellent quality and equal in every way to rental films.

The remaining 52% are rented from Syracuse University, The University of Connecticut, Indiana University, and The Modern Learning Aids Society. These cover specific topics, usually scientific, not demonstrable with high school equipment. Among these are the recent Physical Science Study Committee films which are scientifically superb.

While the majority of films are used in General Science, Biology, Chemistry, Physiology, and Physics, the History and Language Departments augment their work with topical films.

Many fine filmstrips are in use from our permanent library and each month the New York Times filmstrip is used in our History classes.

Opaque projection of maps, book diagrams, and science layouts constitute another phase of the audio visual program.

Films are booked the previous year. This enables teachers to secure desirable showing dates in conformity with their programs.

A much wider program is planned in the new high school with its improved facilities.

INDUSTRIAL ARTS

Shop Section:

The policy in the shop has been to allow the students to make the size project they wish, within reason, but this year we have had to curtail the size of those made by the freshmen. This had to be done in order to have enough room for storage and assembling. The cramped quarters and the building of large projects by the upper classmen have led us to this recourse.

It can be very discouraging to a student to do a good job on a project only to find it marred the next time he comes to class, due solely to the lack of storage space. The boys have coped with the situation very well; more so since they know that it will soon be eliminated.

The enthusiasm in the shop is still on the upgrade and students are making better projects. The exhibit last spring showed this progress.

Working in cramped quarters will soon be a thing of the past. In the new school the boys will be able to enjoy the facilities of the shops and become acquainted with newer and additional aspects of Industrial Arts.

Drawing Section:

Working conditions in this section have not been improved to any great extent, but what little improvement that has been done has helped to make it easier. The grade and quality of the work turned out by the students show that they are doing better.

This program is so designed that the student can advance at his own speed. With minimum requirements expected, there is no reason for a pupil to lack work to do. With proper lighting, desks, and equipment these pupils can advance on a career in Drafting if they so desire.

Recommendations:

The following recommendations are being made for the benefit of the students entering this building next year.

1. The lighting in both the shop and drawing room should be changed.
2. The floor in the shop should be replaced, or at least, leveled.
3. The windows in the shop should be fixed so that they can all be locked and air tight.

We wish to take this opportunity to thank the School Committee, the Superintendent of Schools, and the Principal of the High School for their interest and cooperation in our progress.

HOME ECONOMICS

This year I am teaching five Clothing and Homemaking classes, three in the morning session and two in the afternoon session.

The morning groups include girls in the three upper classes taking a first, second, third or fourth year course. Conditions are poor because of lack of space and adequate equipment. The program requires a certain number of sewing projects and one homemaking project in design, color, textiles, budgeting, or other homemaking subjects in which the girls have a special interest. One new project added last year was the Vogue contest. Fifteen girls entered this and many plan to enter the next one early in 1962. All classes took part in a fashion show at the annual spring exhibition and many entered clothing projects in the hobby show.

For the first time, because of double sessions, there are two segregated classes in the afternoon. These freshmen follow a program similar to the upper classmen.

Next year our Home Economics course will also include Foods and Homemaking.

I recommend a two or three year program of segregated groups. I hope to see the five periods broken down into double periods two days a week for practical work and a single period each week for the Homemaking program.

I would like to have Home Economics a required subject for every girl for at least one year. I am also interested in a Chef's Club, a foods course for boys.

The new high school should give our girls and boys opportunities in the field of Home Economics they have not been able to have for several years.

PHYSICAL EDUCATION AND HEALTH

The program for all girls in the High School in physical education has altered considerably due to double sessions this year. Grades ten through twelve have physical education on Monday and Wednesday, morning sessions; Grade nine has it on Tuesday and Thursday, afternoon sessions; with health education on Friday, afternoon session.

Mrs. Green still covers the elementary grades and the girls only in grades five through eight. Because of the dual session I do not teach in the elementary schools this year.

The health education classes this year are not covering as much material because of meeting only once a week. This has meant a changing of the curriculum to cover those areas most valuable to a teen age group, under the present school sessions. The areas involved are personal growth, physically, mentally, socially, emotionally, and spiritually during these all important formative years.

The girls' physical education program is divided into three areas with two changes:

1. Classes in physical education.
2. Intramural sports—Because of double sessions, indoor intramural sports are carried on during part of the physical education classes.
3. Interscholastic sports—Again due to double sessions, practices are held during activity period on Tuesday and Friday afternoons.

This fall our outdoor program consisted mainly in physical fitness testing in cooperation with President Kennedy's urgent message to the nation on the needs for youth physical fitness. A screening test was given first to measure achievement and recognize weaknesses. It con-

sisted of three tests of agility, strength, and flexibility. Of the 282 girls tested, 67% passed. Those failing were retested in six weeks and marked improvement noted, for there is no doubt that physical achievement tests provide self-evaluation and a strong motivation for development within each pupil. This was followed by the A.A.U. Fitness Test, a standard test set up by the Amateur Athletic Union of the United States. This test was given to measure strength, speed, endurance, and agility. Of the 281 girls tested 129 passed and will receive certificates for their achievement. The 152 who did not pass are being retested every six weeks only in the specific event in which they failed. In many cases the girls only failed one of the six activities required for a certificate, but are working toward achieving successful accomplishment.

A screening test was given to every boy and girl from grades one through twelve this fall and 64% passed.

Our winter program includes the following:

1. Fundamentals, techniques, and rules of team sports
2. Dancing—folk, square, tap and modern
3. Apparatus—free movement
4. Correctives
5. Stunts and tumbling
6. Rhythms
7. Team sports
 - a. Volleyball
 - b. Basketball
 - c. Doubles in badminton

Our spring program, out of doors, includes:

1. Archery
2. Golf
3. Deck tennis
4. Softball

The girls intramural program in volleyball, basketball, badminton and softball is still being carried on under difficulties because of the dual sessions. It affords every girl an opportunity to participate in

sports regardless of her abilities and also gives her a chance through the point system to earn awards over her four years in High School.

We are still participating in the Tri-County Girls' Basketball League, our teams consisting of a senior and junior team. We also played a few softball games with other schools. This team was made up of the best players from the four classes.

This Fall, through the School Department, physical fitness classes for men and for women were started and a great deal of interest shown by those attending.

PHYSICAL EDUCATION FOR GIRLS — JUNIOR HIGH SCHOOL

One period a week has been scheduled for Junior High School girls.

During the winter, activities included stunts, tumbling, and square dancing; also the follow up Trans-Webber tests. As in the previous year, the girls showed considerable improvement over the tests taken in the fall.

In the spring the girls played softball. On rainy days there were explanations of softball rules, indoor games, and Newcomb, a leadup game to volleyball and better adapted to the small play area.

This fall, the first six weeks were devoted to giving the three physical fitness screening tests suggested by President Kennedy and the six Amateur Athletic Union physical fitness tests. Certificates will be awarded those passing all the A.A.U. tests.

Grade	Screening				A. A. U.		
	No.	Tested	Passed	Failed	%F.	P.	F.
8		77	66	11	14%	47	30
7		81	64	17	21%	49	32
—	—	—	—	—	—	—	—
Totals		158	130	28	18%	96	62

The girls had their greatest difficulty with the sit-ups, standing broad jump, and the baseball throw, indicating the need for stronger stomach, leg, arm and back muscles. The girls have shown a lively interest in the tests and many have asked when they could have another chance to pass.

Meanwhile each class starts with a few minutes of group calisthenics aimed at strengthening back, stomach, leg and arm muscles, and improving coordination and agility.

Hockey skills were introduced following the testing. This last month while make up A. A. U. tests were being run for the ones absent on the day the original tests were given, the girls played kick-ball.

PHYSICAL EDUCATION IN THE ELEMENTARY GRADES

The elementary grades have had one physical education period scheduled every two weeks. During the winter and spring, Miss Beane was able to give each class two additional periods.

In grades five and six, where girls and boys have separate classes, the classroom teachers have been very helpful in giving the girls an opportunity to play outside while the boys were having their classes during the in-between weeks.

In the winter, grades one through four had square dancing, grades five and six had stunts and tumbling and some square dancing.

During the spring, grades one and two had story plays, singing games and games; grade three played "Beat the Ball" a lead up game to softball; grade four played kickball, and grades five and six played softball.

This fall the whole season has been devoted to the physical fitness testing.

In grades one through four, both boys and girls were tested, so classes were double the size of those in grades five and six where only the girls were tested. Where the classroom teachers have been able to help with recording and getting the next groups lined up for their turns, we have been able to complete the first round of testing. Their help has been greatly appreciated. The children responded faster and seemed to get more fun out of it, too. It has been a race with the weather to get the outdoor testing done. There has not been an opportunity to run make up tests for those who have been absent. They will be tested in the spring. Also, those who failed in any test will have another opportunity to pass and win their certificate.

We are encouraging the children to practice their sit-ups, standing broad jumps and baseball throws at home. It was with these they had their greatest difficulty.

Results of the testing are as follows:

Grade	No.	Screening			%F.	A. A. U		%F
		Tested	Passed	Failed		P.	F.	
6		76	58	18	24%	41	35	46%
* 5		98	59	39	40%	38	60	60%
1-4		511	210	301	59%	171	340	67%
*3-4, Opp.		255	154	101	39%	117	138	54%
Totals		940	481	459	49%	367	573	60%

*Testing is incomplete and figures are estimated on basis of tests already taken.

With a biweekly program, there are always one or two classes who lose out on account of no school days, such as Columbus Day, Teachers' Convention, Parents' Day during Education Week, Veterans' Day and Thanksgiving. This year they have been grades five at Theron Metcalf and grades three and Opportunity Class at Horace Mann.

The testing program has shown how understaffed we are. One class in two weeks is far from adequate to carry on an effective physical education program in the lower grades where the foundations are laid.

BOYS' PHYSICAL EDUCATION

This year our physical education program in the High School has been very successful. The two main reasons for this success have been the school board ruling on the requirement of physical education and the separation of the freshmen and upper classmen.

The Junior High School is still faced with the problem of no gymnasium, but this will be alleviated in the move next year.

Class attendance and participation have been very good along with a much finer attitude in the physical education classes.

A limited intramural program was held and was very successful with a great deal of enthusiasm shown by the students.

Testing was carried out in the entire school system in conjunction with President Kennedy's physical fitness drive. Miss Beane was responsible for this testing program and most certainly deserves the credit for its success. The testing consisted of sprints, walk and run, sit ups, pull ups, standing broad jump, softball throw, and squat jumps. In the High School boys, the greatest number of failures were in the standing broad jump and pull ups. It is obvious to physical education personnel that the shoulder region is a problem area at high school age level. These boys will be tested in the spring and the complete results will be tabulated and presented to the public.

An extensive intramural program will be presented in both Junior and Senior High Schools within the next year as the new facilities become available.

ATHLETICS

The double sessions have aided and at the same time hindered our present athletic program.

They have aided the athletic program by forcing the athletic department to keep the freshmen segregated from the other players. This will keep the fine football prospects as a unit through their early training period.

It has hindered our program in limiting our practice time in basketball and by forcing the high school basketball team to play all week day games away from home.

This years' freshmen football team started to show the effects of the Junior High School program and the future looks bright for the varsity within two or three years.

The basketball team is still handicapped by the lack of a good feeder program. This will not come into its own until the Junior High School has a gymnasium and can properly utilize it.

At the present time, this years' basketball team has improved rapidly and has shown fine attitude and desire. It is hoped the freshmen basketball team will improve rapidly and return Franklin to its proper status in basketball. It might be proper to note the fine type of boys representing Franklin in basketball this season. On the starting varsity team we have three honor roll students. This is certainly something of which to be proud.

In baseball, the Franklin varsity had the best record of the school even though many fine players had graduated. The baseball team did not have a home field or a suitable practice field, but managed to win most of their games. Another good example of fine attitude and desire.

The Junior High School football team, under the direction of Anthony Pisini, had their usual fine record. These boys are fortunate in having a coach as devoted as Mr. Pisini.

SCHOOL LUNCH

I would like to stress the health and educational value of a hot, well-balanced meal at noon for children. The students who eat such a meal, tire less during the afternoon, their scholastic averages run higher than those of the children who eat a snack or a cold bag lunch at noon. That these students have increased resistance to colds and sniffles has been statistically proven.

A study of children's food habits after one year of participation in the school lunch program has been gratifying. As a result of "trying" dishes new to them or foods prepared differently than at home and from the sociability and example of other children eating with them, their food choices have been broadened. As a result we find more "clean plates" and "full stomachs."

These educational results are demonstrable and measurable.

From December 1, 1960 to December 1, 1961, 85,349 lunches were served in the High School and Parmenter School cafeterias and 148,027 cartons of milk were served in the cafeterias and at recess in the elementary schools.

DRIVER TRAINING

The program is similar to the programs of previous years except that it has been expanded to include sophomores. A major objective of this department is to make the course available to all students. In its expanded state it might reach the terminal students who drop out of school before having the opportunity to learn to be safer drivers.

Driver Education:

This part of the program is conducted during the regular school day during all but one period. Here the student receives thirty or more hours of instruction on the laws of the highway, safety measures, and proper attitudes while driving. We have three instructors.

Driver Training:

This phase is taken only after completing the classroom work successfully and consists of six hours of driving and eighteen hours of observation.

The driver education program this year reaches most juniors and seniors and some sophomores. The driver training is restricted slightly because of having only one automobile. At present we have sixty-six students enrolled in the driver education program and twelve in the driver training program. There are three classroom instructors and two automobile training instructors.

TESTING

In the spring of 1961, the California Algebra Aptitude Test was administered to 112 members of the eighth grade. The results of this test, along with I. Q. scores and reading levels, were used to assist us in programming these students for the following school year. They were grouped according to ability when they entered High School in order to place each student in a learning situation where he would benefit most.

The ninth and tenth grade students were administered a battery of diagnostic tests and each ninth grader took the Otis Test of Mental Abilities. This gave us an I. Q. score on every high school student.

Several students in the Franklin Schools were given the Stanford-Binet individual intelligence test by request of their teachers, and a

transfer student from California was given the Pintner-Durost General Abilities Test for placement purposes.

In March of 1961, the Merit Scholarship Test was administered at Franklin High School under the direction of Mr. Beane.

The high school achievement testing program utilized the cooperative tests in subject matter areas during mid-year and final examinations. Teachers were provided test booklets, separate answer sheets, and norms. By participating in this program, teachers were able to compare the progress of their classes with classes in other schools all over the country.

Presently I am available to administer individual or group tests to high school students at the request of Mr. Beane and to assist him in any way he sees fit. Also, I am available to administer tests to elementary and junior high school students at the request of our Superintendent, Mr. Thomas.

EVENING COURSES FOR ADULTS

From January to March, 1961 classes in Decorative Ware, Woodworking, Furniture Refinishing, Sewing I, Sewing II, Advanced Sewing, Rug Braiding, and Silk Screening were held. One hundred seventeen residents and thirteen non-residents were enrolled.

From September to December, repeat courses were given in the above with the exception of Advanced Sewing and Silk Screening. These were dropped because neither showed continued interest. Knitting and Ceramics were added to complete the program. One hundred sixty-eight residents and twelve non-residents were enrolled. On the opening night each class was filled and had a waiting list. Classes are usually limited to sixteen to twenty members due to lack of space and availability of the instructor. Those who have had two years' instruction in one particular course are not allowed to continue if there is a waiting list.

The Vocational Division of the Massachusetts Department of Education stipulates the regulations under which classes are formed and instructors chosen. The town of Franklin is reimbursed fifty percent by the state department towards this program. Tuition from non-resident students is paid to Franklin by the towns in which they reside.

The annual exhibition was held in April. Much credit is due each instructor for assembling and displaying work done throughout the year. For a number of years, Mr. and Mrs. William Goodwin have loaned floral decorations which add a great deal. Mr. Leonard Remington has been pianist for the fashion show. The Franklin Furniture Company has furnished folding screens. Mr. Nilo Geromini, Woodworking instructor, has constructed an article given as a door prize to one of those attending the exhibition from lumber furnished by the Franklin Woodworkers, Inc. This past year one of Mr. Geromini's students, Mr. Leon Wales, made and donated the door prize. The fashion show presented by the sewing classes was commendable. Over forty garments were modeled by members from the first and second year groups. With the cooperation and generosity of the above mentioned, our exhibitions continue to be outstanding.

Thus another year ends with a successful program in Adult Education.

CONCLUSION

It is hoped that the foregoing reports have proved useful to you in assessing the progress of our schools during 1961. It seems to me that Franklin Schools are in the midst of rapid change. The great influx of students, the need for new buildings, the necessity for more personnel, and the ever mounting costs of education are causes for both concern and optimism. In the next decade we will move out of the small school system category to that of a medium sized suburban system. Many changes will come. With the cooperation of teachers, parents, students and all citizens I am sure that Franklin will provide good education for its children in the future as it has in the past.

Respectfully submitted,

BENJAMIN D. THOMAS

REPORT OF THE SCHOOL PHYSICIANS

For the year ending December 31, 1961

Number of pupils examined in schools	668
Number of defects noted	159
Number of defects requiring notice to parents	136

Heart	13
Tonsils	30
Adenoids	1
Dental	18
Eyes	1
Ears (wax)	27
Ears (discharging)	1
Posture	3
Feet (arches)	34
Hernia	3
Hydroceles	2
Glands	1
Other	2

Number of defects noted but requiring no notice to parents	23
--	----

Tonsils	18
Ears (wax)	4
Rapid pulse	1

In addition to the above complete examinations done in the schools, we are also required to examine football and basketball players in both the High School and Junior High School before they are permitted to play. Football games are covered at home. Pre-school children are examined. Work certificates, school certificates and First Aid are given in our offices.

The cooperation of the school faculty and school nurse is appreciated.

WALTER F. CROWLEY, M.D.

ERNEST J. PASTORELLO, M.D.

REPORT OF THE SCHOOL NURSE TO THE SUPERINTENDENT OF SCHOOLS

Dear Sir:

The following is my report as School Nurse in the Franklin Public Schools for the year 1961:

Number of schools visited	7
Number of school visits	411
Number of inspections of pupils in schools	6222
Number of home visits	127
Number of inspection of pupils in homes	83
Number of room inspections	161
Number of Health Instruction talks	146
Number of exclusions	44
Colds	8
Temperatures	5
Ring Worm	1
Pediculosis	6
Impetigo	1
Mumps	4
German Measles	12
Conjunctivitis	2
Chicken Pox	5
Number referred to Doctor	18
Number taken to Doctor	13
Number taken to Dentist	5
Assisted Doctors in examining	668
Assisted Dental Hygienist in examining	154
100% at examination time	65
Defect notices sent	89
Dental Clinic	23
Toxoid Inoculations	478
Series 3	69
Boosters	409
Number of pupils taken home	66
Number of vision tests	1963
Vision defect notices	54
Vision defects corrected	47
Receiving treatment and glasses at Clinic	4
Number of hearing tests	2971
Hearing defect notices	21
Number taken to Doctor after defect notices	18
Number of pupils receiving First Aid	84
Number of pupils weighed	1767
Number of sanitary inspections	9

Number of conferences attended concerning health of pupils with teachers, doctors, parents and other agencies	342
Manteaux Tests (TB skin tests) Jr. Class	93
Number of pupils examined and registered at Pre-School Clinic	148
Number of parents attending Pre-School Clinics	148
Number of cartons of milk served free at Recess	30
Number of free lunches	200
Number of pupils using eye saving books	2
Number of pupils attending schools for the deaf	4

The health of the Franklin school children compares favorably with other communities. Constant inspections, examinations, and testing help keep the schools free of contagion and defects noted can be corrected.

The Pure Tone Audiometer test used for hearing is very accurate and the parents receiving notices of defects have cooperated by taking their children to doctors, and in most cases, a correction is made.

The Massachusetts Vision test which is used in the schools is also very good and again most parents, upon receiving a notice of defect, take the child to have it remedied. A fund is available to help the underprivileged child in these cases when necessary.

Thanks should be given to the Franklin Parent-Teacher Association for the generous sum of money given to help the Dental Clinic. Also thanks should be given to the Salvation Army Committee who gave generously to the Dental Clinic and the free lunch program. The Lions' Club is to be credited for the help they give to children with vision defects. This is such a worthy cause and they may be justly proud of their efforts and are due thanks. Dr. Mercer and Dr. Holden are also to be thanked for their voluntary testing of the vision of the children in the first grades, and also Dr. Howard who did some extra dental work for some of our pupils this year for which he sent no bill.

Without the cooperation of the teachers and principals, the health program would be at a great loss, and I sincerely appreciate all their efforts in this direction.

Respectfully submitted,

NELLIE I. SAUNDERS, R.N.

**REPORT OF THE SUPERVISOR OF ATTENDANCE
TO THE SUPERINTENDENT OF SCHOOLS**

Dear Sir:

Following is my report as Attendance Officer for the Public Schools for the calendar year 1961:

Number of visits to schools	72
Number of absentees reported	57
Number found to be sick	29
Number returned to school	28
Number found to be truants	28
Number of court cases	2

Respectfully submitted,

ARTHUR C. PELLEGRINI

WARRANT FOR THE ANNUAL TOWN MEETING**MARCH 13, 1962****COMMONWEALTH OF MASSACHUSETTS**

Norfolk, ss.

To either of the Constables of the Town of Franklin in the County of Norfolk.

Greetings:

You are hereby required in the name of the Commonwealth of Massachusetts to notify and warn the qualified voters of the said Town of Franklin to assemble in the High School on Tuesday, the Thirteenth day of March, A.D., 1962, it being the second Tuesday of March at six o'clock in the forenoon and remain in session until eight o'clock in the evening then and there to act on the following articles, viz:

Article 1. To choose by ballot the following Town Officers, viz: A Moderator, a Town Treasurer, a Town Auditor, a Collector of Taxes, three Selectmen and three members of the Board of Public Welfare, all for the term of one year; one Member of the Board of Assessors, one Member of the Board of Public Works, one member of the Board of Health, two Members of the School Committee and three Constables, all for the term of three years; one Member of the Town Planning Board for the term of five years, and also four Members of the Franklin Urban Redevelopment Authority.

Article 2. To choose all other necessary Town Officers.

Article 3. To hear a report of the Town Officers and Committees and act thereon.

Article 4. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money, from time to time in anticipation of the revenue of the financial year, beginning January 1, 1962, and to issue a note or notes therefor payable within one year and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44 of the General Laws.

Article 5. To see what sum of money the Town will raise and appropriate for the following purposes, to wit:

1. For general government, including the Compensation and expenses of the Selectmen, Auditor, Moderator, Collector of Taxes, Treasurer, Assessors of Taxes, Town Clerk, Elections and Registration, Dog Officer, Planning Board, Advisory Board, Field Driver, Town Hall, Town Counsel, Building Inspector, Wire Inspector, Gas Inspector and other finance accounts.

2. For Protection of Persons and Property, including the payment of Police, Bicycle Registration, Support of Fire Department, Sealing of Weights and Measures and for Prevention and Suppression of Forest Fires and Civil Defense.

3. For Health and Sanitation, including expenses of the Board of Health, Inspection of Animals, Inspection of Meats and Provisions and Inspection of School Children.

4. For the Department of Public Works, including Administration and Clerical; Labor, Supervision and Maintenance; Pest Control; Snow Removal; Swimming Pool Maintenance.

5. For Street Lighting, Union Street Cemetery, Recreation and Recreational Facilities of the Town including the Lifeguards for the Swimming Pool.

6. For Public Welfare, Welfare Administration and Welfare Assistance.

7. For Veterans' Center and Benefits, including Soldiers' Burials.

8. For education, including all expenses of the School Committee.

9. For the Franklin Public Library.

10. For the various Insurance Accounts, including Fire Insurance, Fleet Fire and Theft, Fleet Liability and Property Damage, Workmen's Compensation, and Group Life and Hospitalization.

11. For unclassified accounts, including Ambulance Maintenance, the Decoration of Soldiers' Graves, Conservation Commission, Industrial and Development Commission, Urban Redevelopment Authority, Printing and Distribution of the Town Reports, for the Town's share of cost of Maintenance of Norfolk County Retirement System, Foreclosure of Tax Liens, and also for Rent of Quarters for the Veterans of Foreign Wars, Disabled American Veterans and American Legion.

12. For the Payment of Interest on Town Debts.

13. For the Payment of Municipal Indebtedness.

Article 6. To see if the Town will vote to use the interest of the Helen A. Ward Fund, amounting to Three Dollars and Fifty Cents (\$3.50) for the care of the Ward Cemetery Lot at the City Mills Ceme-

tery, to be expended under the direction of the Board of Public Works, or do anything relating thereto. (By Selectmen)

(By Board of Public Works)

Article 69. To see if the Town will accept as a public way that portion of a private way known as Glenwood Road extended for a distance of approximately three hundred (300) feet easterly from the intersection of Greystone Road to the intersection of Pheasant Hill Road or do anything relating thereto. (By Planning Board)

Article 70. To see if the Town will accept as a public way that portion of a private way known as Pheasant Hill Road extending for a distance of approximately eleven hundred (1100) feet northerly from the intersection of Glenwood Road to the intersection of Long Hill Road or do anything relating thereto. (By Planning Board)

Article 71. To see if the Town will accept as a public way that portion of a private way known as Corrine Road extending for a distance of approximately four hundred (400) feet northerly from the intersection of Pine Street to the intersection of Betten Court or do anything relating thereto. (By Planning Board)

Article 72. To see if the Town will accept as a public way that portion of a private way known as Betten Court extending for a dis-

tance of approximately six hundred fifty (650) feet northerly, three hundred (300) feet easterly and seven hundred (700) feet southerly from the intersection of Beech Street back to the intersection of Beech Street or do anything relating thereto. (By Planning Board)

Article 73. To see if the Town will accept as a public way that portion of a private way known as Northgate extending for a distance of approximately nine hundred (900) feet easterly from the intersection of Pond Street to the intersection of Parliament Drive or do anything relating thereto. (By Planning Board)

Article 74. To see if the Town will accept as a public way that portion of a private way known as Parliament Drive extending for a distance of approximately fifteen hundred (1500) feet northerly from the intersection of Baron Road to the intersection of Northgate or do anything relating thereto. (By Planning Board)

Article 75. To see if the Town will accept as a public way that portion of a private way known as Southgate Road extending for a distance of approximately three hundred (300) feet easterly from the intersection of Coronation Drive to the intersection of Parliament Drive or do anything relating thereto. (By Planning Board)

Article 76. To see if the Town will accept as a public way that portion of a private way known as Schofield Drive extending for a distance of approximately fourteen hundred (1400) feet northwesterly from the intersection of Pond Street to the intersection of Oak Street Extension or do anything relating thereto. (By Planning Board)

Article 77. To see if the Town will accept as a public way that portion of a private way known as Richard Lane extending for a distance of approximately four hundred (400) feet northerly from the intersection of Schofield Drive or do anything relating thereto. (By Planning Board)

Article 78. To see if the Town will accept as a public way that portion of a private way known as Eldon Drive extending for a distance of approximately one thousand (1000) feet northwesterly from the intersection of Pond Street to the intersection of Richard Lane or do anything relating thereto. (By Planning Board)

Article 79. To see if the Town will accept as a public way that portion of a private way known as Janie Avenue extending for a distance of one thousand (1000) feet northerly from the intersection of Oak Street Extension to the intersection of Eldon Drive or do anything relating thereto. (By Planning Board)

Article 80. To see if the Town will accept as a public way that portion of a private way known as Pine Knoll Road extending for a distance of approximately three hundred (300) feet northeasterly and four hundred (400) feet northwesterly from the intersection of Oak Street or do anything relating thereto. (By Planning Board)

Article 81. To see if the Town will accept as a public way that portion of a private way known as Rolling Ridge Road extending for a distance of approximately eighteen hundred (1800) feet northerly from the intersection of West Central Street to the intersection of Hilltop Road or do anything relating thereto. (By Planning Board)

Article 82. To see if the Town will accept as a public way that portion of a private way known as Hilltop Road extending for a distance of approximately four hundred (400) feet easterly from the intersection of Pond Street to the intersection of Rolling Ridge Road, or do anything relating thereto. (By Planning Board)

Article 83. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Six Hundred Dollars (\$600.00) to install street lights as listed below, provided the acceptance of all or any of these streets is voted at the annual Town Meeting, said sum to be expended under the direction of the Board of Selectmen, or do anything relating thereto.

- Four on Rolling Ridge Drive
- One on Hill Top Road
- One on Janie Avenue
- Two on Schofield Drive

- One on Eldon Drive
- One on Corrine Road
- Two on Betten Court
- Two on Northgate Road
- Three on Coronation Drive
- Two on Parliament Drive
- One on Pine Knoll Road
- One on Glenwood Road
- One on Pheasant Hill Road

Article 84. To see what sum of money the Town will vote to raise and appropriate to purchase and install a CD Warning System for the Town, said sum to be expended under the direction of the Board of Selectmen and Civil Defense Director, or take any action relating thereto. (By Selectmen)

Article 85. To see if the Town will vote to modify the present zoning laws in the following manner, or do anything relating thereto:

Section III C paragraph 18 insert the following paragraph:

- b. Multi-family dwelling or apartment house for not less than four families if located on a lot having an area in accordance with the following schedule:
- | | |
|------------------------|----------------|
| first four families | 20,000 sq. ft. |
| each family thereafter | 5,000 sq. ft. |

(By Planning Board)

Article 86. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Twelve Hundred Dollars (\$1,200.00) for replacing filter media, piping, and general improvements to sludge bed area at Treatment Plant, said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By Board of Public Works)

Article 87. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Twenty-five Hundred Dollars (\$2,500.00) to repair the open well at the Beaver Pond Well Site, said money to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By Board of Public Works)

Article 88. To see if the Town will vote to amend the "Zoning Map of Franklin, Massachusetts," dated February 15, 1960, and on file in the office of the Town Clerk, by extending General Residential V District as shown on said map to include that certain area in said Town, which is bounded and described as follows:

NORTHEASTERLY: by Summer Street;
 SOUTHEASTERLY: by Dale Street;
 SOUTHWESTERLY: by Peck Street; and
 NORTHWESTERLY: by Winter Street

(By Petition)

Article 89. To see if the Town will vote to raise and appropriate or transfer from available funds the sum of Two Thousand Dollars (\$2,000.00) to replace the chain, pads, and oil seal including the necessary appurtenances for the T-9 Bulldozer, or take any action relative thereto. (By Board of Public Works)

Article 90. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) to remove badly decayed and dangerous trees along our Town roads, said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By Board of Public Works)

Article 91. To see if the Town will vote to raise and appropriate the sum of Four Hundred Dollars (\$400.00) to purchase and plant new shade trees, said sum to be expended under the direction of the Board of Public Works, or take any action relative thereto. (By Board of Public Works)

Article 92. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000.00) for Poison Ivy and Brush Control, said sum to be expended under the direction of the Board of Public Works or take any action relative thereto. (By Board of Public Works)

And you are directed to serve this warrant by posting attested copies thereof seven days at least before the time of meeting, as directed by vote of the town.

Hereof fail not and make due return of this warrant with your doings thereon, at the time and place of meeting.

Given under our hands this Twentieth Day of January A.D. 1962.

JAMES DACEY

WILLIAM D. O'NEIL

CHARLES F. HOOPER

Board of Selectmen

A true copy, Attest:
